Teacher and Monitor at Farm Camp

We are located on a farm in Guadalajara (about an hour from Madrid). We offer two kinds of programs in English:

1. **Language Immersion week** (September-June): Every Monday we receive a group of students from a school in Spain who spend a week on our farm learning English through activities, games and workshops.

2. **Summer Farm Camp** (July-August): The summer camp lasts 14 days.

**Skills Needed:**

1. It is very important to be open-minded because you will be living on a farm with others.
2. You must have the skills and patience to live with students and teach them English.
3. The job on the farm is very exciting, but also very exhausting.
4. Farm Camp takes place in a Catholic environment, so you have to respect our values.

2. **Summer Farm-Camp:** 14 days. 750€ (pre-tax)
