Expanding international company is looking for university graduated bachelors in Law, business administration or Information Technologies who are truly native level (English, German or French) and have an excellent command of the English language (Spanish is not actually required) for a position in a law consulting firm located in Madrid.

Candidates will have the prime opportunity to start up their careers and professionally grow in a very young, dynamic, international and client driven environment.

**Qualifications:**
- Native level: English, German or French
- Strong written and verbal communication skills
- Ability to interpret and apply technical concepts;
- Strong analytical skills, attention to details and quality checking;
- Ability to prioritize tasks and handle multiple projects simultaneously;
- Excellent research, innovation and problem solving skills;
- Be able to work both independently and in a team environment;
- Previous experience in customer service is a plus;
- Good understanding of computer networks and architectures is a plus;
- Knowledge of software products and how they work in a customer environment is a plus

**Pay:** 700€ / month

Successful candidates would immediately join the company.

If you feel you genuinely meet these requirements and you’re enthusiastic about law and/or software, please send your CV by e-mail to bolsatrabajo-madrid@slu.edu.
