Siemens and la Fundación Universidad-Empresa are offering 200 internships accross Spain.

- The internships are for students in Engineering, Communication, Economics and the Humanities

- For more information visit: [www.Talentoteca.es](http://www.Talentoteca.es)

The technological multinational [Siemens](http://www.siemens.com) and [Fundación Universidad-Empresa](http://www.fue.es) (FUE) are offering internships in Madrid and accross Spain to help students gain profesional experience. The openings are on a rolling basis and are available all year round.

Students interested must have at least a B2 level of English, be less tan 30 years old and have no previous work experience in the sector.

Students will have a profesional tutor during their internship and will be able to work up to 900 hours. The schedules will be flexible and work around the interns’ studies and they will also be compensated 670 for a seven hour work day five days a week or their equivalent based on the daily hours agreed to.
