SLU’S IcOnIC MASCOT

the Billiken

Colleges and universities across the United States have their own mascots, which are symbols of good luck for sports teams and an ambassador for goodwill for the school. The Billiken connection to Saint Louis University is linked to the early twentieth-century craze for college football. Sportswriters thought SLU’s football coach, John Sideris, who took over the team in 1910, bore a striking resemblance to an impish cartoon character that was a national sensation at the time. Thus, “Billiken” the public took up the moniker, and it soon became the official nickname of all SLU athletic teams as well as all SLU students.

To be a Billiken means to embrace the entire Saint Louis University experience. You will not only be a student, but a member of the University community. You will be a collaborator, a leader. You will be prepared and professional. Most of all, you will be yourself: unique.
