1818 ACC Benefits to Students and Parents

Participating in the 1818 ACC Program offers students and parents the following tangible and intangible benefits.

- The 1818 ACC Program provides a nationally recognized option for advanced students to earn college credit through quality high school courses.
- The 1818 ACC classes offer rigorous academic integrity and a respected reputation to advanced high school courses.
- High school students experience collegiate rigor in their high school coursework.
- Participation in 1818 ACC encourages students to be more responsible with meeting deadlines, reading information, and taking an active role in their educations.
- Students can earn college credit while taking high school courses, saving time and tuition toward college graduation.
- Students can earn college credit from a highly respected, major University at a substantially reduced tuition rate ($65.00 per credit hour).
- Students use the textbook assigned by their high schools, instead of buying their own textbook as they would for an on-campus college course.
- Students have access to and circulation privileges at Pius XII Library.
- Students can visit the campus with their high school class, experiencing many resources on Saint Louis University’s campus.
- Students may obtain a SLU student ID upon request on campus.
- Grades for the college credit course work become a part of the student’s GPA as an incoming freshman at Saint Louis University.
- Student’s academic records are posted on an official Saint Louis University transcript.
- The 1818 ACC Office provides opportunities for personal one-on-one contact for both students and parents (1818admin@slu.edu, 314-977-3142, 1818.slu.edu).
