The Graduate Student Foreign Travel Fund is intended to encourage travel that would significantly enhance a graduate student’s training by research or study abroad, whether during the summer or the academic year. In addition to personal development and enrichment, travel abroad can enhance the student’s research skills, expand research networks, provide access to specialized equipment and expertise, develop cultural diplomacy skills, and ultimately improve career prospects. The proposed research or study abroad must be clearly structured and ideally would build upon international connections already existing among CAS faculty. Awards may be used to defray costs in connection with travel, housing and books, but may not be used for travel to conferences since graduate students can apply to the GSA for that purpose.

ELIGIBILITY AND FUNDING

Applications are invited from graduate students who are in good standing in the College of Arts and Sciences. Proposals are expected to be written by the student applicant under the guidance of the faculty sponsors at the home and/or foreign institutes; SLU sponsors must have Graduate Faculty status. Applicants may request a maximum of $1000 to support the proposed project. Only one proposal per department or program may be submitted. In the case that multiple proposals exist, departments are responsible for selecting the proposal that will be sent forward for College consideration. The College will fund one travel award each academic year, contingent upon available funding.

PROPOSAL FORMAT

1. Cover sheet
   a. Name of graduate applicant
   b. Name of faculty sponsors (local and foreign)
   c. Department (SLU)
   d. E-mail addresses of applicants and sponsoring faculty
   e. Title of project
   f. Dates of foreign travel for proposed research project or study
   g. Signatures of sponsoring faculty member(s) and the Departmental Chairperson or Graduate Program Director

2. Project description (two-page limit, single-spaced); must include a description of proposed outcomes

3. Literature cited (one-page limit)

4. Budget
   a. Itemized budget for funds requested from the College
   b. Co-funding (if any) from department(s) or other sources; indicate whether co-funding has been secured or applied for, or if it is contingent upon College funding

The completed application (including all required signatures) should be assembled and converted to pdf format prior to submission. Proposals that do not follow the required format will be returned without review.
SUBMISSION DATE

An electronic copy of the application package must be submitted to the Associate Dean for Graduate Education and must be received by October 15. If the 15th falls on a weekend or holiday, proposals are due on the next business day.

PROPOSAL REVIEW

Proposals will be reviewed by a panel consisting of the Associate Deans of the College. Criteria for the award include feasibility of the proposal, clearly defined structure of the research or study plan, and the benefits of travel to the designated foreign country. Interdisciplinary proposals or those that have co-funding commitments from the department and/or other sources will be viewed very favorably.

NOTIFICATION OF AWARD

The Associate Dean for Graduate Affairs in the College of Arts and Sciences will notify submitters of the results of the review. Awardees must work with staff in their home departments to arrange disbursement of the funds as needed. For travel arrangements, care must be taken to adhere to university policies for preapprovals. Be sure to review the policies specific to graduate student travel on the CAS website under ‘Faculty & Staff Resources’, ‘Travel Policies and Procedures’ before booking any travel. Unapproved travel will not be reimbursed.

PROPOSAL REPORTING

A brief report of not more than one page (single-spaced) must be submitted to the Associate Dean for Graduate Affairs within 30 days of the end date of travel. The report must describe to what extent the proposed outcomes were achieved.
