Are you working towards your degree in international studies, education or similar field? Do you want hands-on experience with the daily operations of an international nonprofit, based here in St. Louis? **Global Learning Exchange Initiative (GLXi)** is a start-up organization focused on creating sustainable opportunity for people in developing countries through literacy and continuing education. We are piloting our proprietary literacy program in Guatemala, where the literacy rate is among the worst in the Western Hemisphere. We are seeking talented, creative and motivated individuals who have a heart for our cause and believe that literacy is the foundation for future success. As an intern, you will get to work with a variety of people, both in the United States and abroad, and will work on real projects that will help us scale our program and reach more children.

Our ideal candidate will have strong organizational and interpersonal skills, social media and marketing experience. Spanish-speaking is a plus!
