Faculty Mentor Agreement

This is an agreement between the Certificate participant and the chosen faculty mentor to work together to complete the Certificate in University Teaching Skills.

The faculty mentor cannot be a current participant in the Certificate program.

The mentor agrees to guide the participant through the program by meeting to discuss the participant’s Teaching Philosophy statement, Teaching Portfolio, and other components of the program, and by offering assistance, feedback, and encouragement.

The participant agrees to stay in touch with the mentor about progress in the program, to incorporate ideas and feedback offered by the mentor, and to be responsible for managing deadlines and all of the components that must be finished to successfully complete the Certificate.

Both are asked to follow Reinert Center guidelines for working through the program, and to contact the Reinert Center (cttl@slu.edu) with any questions or concerns along the way.
