</table>

### Objectives

- To explore the demographics of children in foster care in Missouri: population profile, current trends, priorities of child welfare, areas for collaboration.
- To identify common medical issues for children in foster care.
- To discuss challenges to providing care in a medical home for children in foster care.
- To appraise the 2008 Fostering Connections to Success Act, Health Oversight and Coordination Plan.
- To evaluate examples of models of care that could be used in Missouri and introduce the COACH (Creating Options and Choosing Health) project for teens in foster care in St Louis.
- To identify priorities for change in Missouri.

### Accreditation

Saint Louis University School of Medicine designates this educational activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The course director of this activity has insured that the content of this presentation conforms to the ACCME policy requiring that (1) all recommendations involving clinical medicine are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindications in the care of patients, and (2) all scientific research referred to, reported or used in support or justification of a patient care recommendation conforms to the generally accepted standards of experimental design, data collection and analysis.

It is the policy of Saint Louis University School of Medicine to insure balance, independence, objectivity and scientific rigor in its continuing medical education program. Faculty participating in these activities are required to disclose to the audiences prior to the activity the following: The existence of any significant financial or other relationship with the manufacturer of any commercial product or provider of any commercial service discussed. Their intention to discuss a product that is not labeled for the use under discussion. Their intention to discuss preliminary research data.
