Practical Anatomy

Our Mission Statement: Practical Anatomy & Surgical Education and Center for Anatomical Science and Education, Saint Louis University School of Medicine, is dedicated to the development and presentation of innovative medical health and science workshops. Practical Anatomy strives to promote the concept of lifelong learning by utilizing the latest technology to connect young people, residents, health care professionals and surgeons to world-class experts and faculty.

Contemporary Techniques in Facial Rejuvenation:
Fillers, Fat Transfer, and Face/Neck Lifting
A Hands-on Cadaver Workshop with Optional Live Surgery Observer-ship - October 13th
October 11-13, 2014 | http://pa.slu.edu

Contemporary Techniques in Facial Rejuvenation:
Fillers, Fat Transfer, and Face/Neck Lifting
A Hands-on Cadaver Workshop
With Optional Live Surgery Observer-ship, October 13th

An offering through Practical Anatomy and Surgical Education Center for Anatomical Science and Education, Department of Surgery

Course Director: L. Mike Nayak, MD

October 11-13, 2014 | St. Louis, Missouri | USA

REGISTRATION:

This workshop will be held at the PASE Learning Center located in Young Hall, 3839 Lindell Boulevard, Saint Louis, MO 63108
Saturday October 11, 2014
7:00 AM - 5:00 PM
Part I
➢ The Esthetics of Volume: Restoring Highlights, Shadows, Arcs, and Shapes in Facial Rejuvenation
➢ Fillers vs Fat Grafting
➢ Advanced Microcannula Injectable Fillers
➢ Recorded Video Demos: Autologous Fat Transfer and Cannula Filler Injection
➢ Facial Implants
➢ Anatomy of the Neck
➢ Endoscopic Brow Lift
➢ Recorded 3-D Demo: Trichophytic Brow Lift
➢ Live Cadaver Prosection at Master Station: Anatomy of the Neck
➢ Live Cadaver Prosections at Master Station and Hands-On Cadaver Lab: Endoscopic and Open Browlift / Implant Techniques / Fat Transfer
➢ Optional Lecture: Pearls and Pitfalls of Rhinoplasty
➢ Optional Lecture: Nasal Reconstruction

Sunday, October 12, 2014
7:30 AM - 4:30 PM
Part II
➢ Complications of Facelift/Facial Danger Zones
➢ Purse String Facelift
➢ Facelift: SMAS, Deep Plane, Extended SMAS Techniques
➢ Extended SMAS- Vertical Midfacelift
➢ Extended Multiplane Multivactor SMAS Facelift with Orbicularis Wedge Resection
➢ Submentoplasty and Deep Neck Rejuvenation
➢ Optional Lecture: Facelift Incision Planning and Closure

Course Director
L. Mike Nayak, MD
Clinical Assistant Professor
Division of Facial Plastic Surgery and Reconstructive Surgery
Saint Louis University School of Medicine
Nayak Plastic Surgery
St. Louis, MO

Distinguished Faculty
William J. Binder, MD, FACS
Associate Clinical Professor
Department of Head and Neck Surgery
University of California, Los Angeles
Beverly Hills, CA

Angelo Cuzalina, MD, DDS
Tulsa Surgical Arts
AACS Cosmetic Surgery Fellowship Chairman
Tulsa, OK

T. Williams Evans, DDS, MD, FACS
Clinical Associate Professor
The Ohio State University
University of Michigan
University of Illinois - Chicago
Facial Aesthetic Surgery, LLC
Columbus, OH

Wilbur Hah, MD
Beauty MDs, LLC
Orange, TX

John B. Holds, MD, FACS
Clinical Professor
Departments of Ophthalmology and Otolaryngology Head and Neck Surgery
Saint Louis University School of Medicine
Ophthalmic Plastic & Cosmetic Surgery, Inc.
St. Louis, MO

James Koehler, MD, DDS
Adjunct Clinical Assistant Professor of Surgery
Oklahoma State University College of Medicine
Tulsa Surgical Arts
Tulsa, OK

Samuel M. Lam, MD, FACS
Lam Facial Plastics
Plano, TX

Timothy Marten, MD, FACS
Marten Clinic of Plastic Surgery
San Francisco, CA

*Faculty subject to change

CONTINUING EDUCATION
Saint Louis University School of Medicine designates this live activity for a maximum of 13.75 AMA PRA Category 1 Credit(s)™ (Part I) and 22 AMA PRA Category 1 Credit(s)™ (Parts I and II). Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACREDITATION
Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The education the participant gains through our CME activities does not satisfy training requirements to perform the surgery.

EUGATIONAL OBJECTIVES
➢ Identify and critically analyze the typical and atypical changes associated with facial aging
➢ Discuss and evaluate the aesthetic and functional anatomy of the head and neck, and the interplay between the two—ie, how to maximize aesthetic results whilst preserving vital structures
➢ Develop the manual skills required by practice on actual cadaver specimens so as to understand the "feel" of the multiple and varied tissue planes that exist in the human face and neck
➢ Perform basic and advanced facelifting techniques on specimens, for the management of the aging lower face, using open and endoscopic approaches
➢ Review and perform techniques to restore facial balance through alloplastic implants and autologous fat transfer
➢ Discuss and perform surgical procedures for treatment of the aging neck

Monday, October 13, 2014
6:30 AM - 4:00 PM
Part II: Live Surgery Observer-ship
➢ Patient Marking
➢ Live surgery: Observation both in OR and via live close-up HDTV
➢ Continued Live Surgery Viewing and Microcannula Injection Demos
