Bachelor of Science in Social Work (BSSW)

At Saint Louis University, the School of Social Work empowers students to use their knowledge to touch the lives of others. A Bachelor of Science in Social Work (BSSW) degree provides the skills necessary for beginning generalist practice as a professional social worker and is considered the first professional social work degree. This program is intended to provide an excellent foundation for those who wish to pursue graduate education in social work or in other graduate programs. This program is offered in collaboration with the School for Professional Studies and the School of Social Work at SLU.

School of Social Work

A student will need to apply and be admitted to the School for Professional Studies in accordance with SPS guidelines. They will then take SPS core courses (60 credits), elective courses (24 credits) and two social work degree courses (6 credits). After both social work courses and a minimum of 60 credit hours are completed, the student will need to apply to the School of Social Work as a social work major. After being accepted, students will complete the core curriculum and general electives and then transfer to the School of Social Work to complete all social work courses and practicums.

STEP 1 — COMPLETE APPLICATION
Complete the application for admission online at busyadults.slu.edu. Applications are accepted and processed on a rolling basis. Students are encouraged to apply for admission at least one month before the term in which they wish to enroll.

STEP 2 — MEET WITH ADMISSIONS COUNSELOR
Contact an admissions counselor to discuss the status of your application and your educational and career goals. You may schedule an appointment to speak with an admissions counselor at any of our campus sites or over the phone in certain instances. Appointments are available during business hours or weekday evenings. If possible, bring unofficial copies of all your college transcripts to your admission meeting, or fax them to 314-977-2333.

A writing and/or math assessment test may be necessary during or shortly after the admissions meeting if you are bringing in little or no transfer credits for these areas.

STEP 3 – OBTAIN TRANSCRIPTS
Have official transcripts mailed directly from all previously attended colleges to:

School for Professional Studies
Attn: Admissions
3840 Lindell Blvd
Saint Louis, MO 63108

If you are an applicant seeking a degree or if you are seeking a certificate and you have not earned a bachelor’s degree, you must obtain official transcripts from all previous college course work. If you have never attended college or have less than 15 hours of transferable college credits, you will need to provide official high school or GED transcripts.

If you are an applicant seeking a certificate and you have a bachelor’s degree, you need only provide an official transcript from your primary higher education institution or evidence of a high school diploma or GED.

Non-degree applicants only need to provide unofficial copies as needed for prerequisites.

ADMISSION
Once admitted into the School for Professional Studies, you may begin taking courses in the next available term. If applicable, a letter identifying official acceptance of transfer hours will be forwarded when official transcripts have been received and evaluated. If you have questions about the admission process or the status of your application, please call 314-977-2330 or 800-734-6736.

Dollars and Sense
