GRANT OPPORTUNITIES

Beaumont Faculty Development Fund (BFDF)

The BFDF “was established at Saint Louis University in 1976 with initial endowed support from the Beaumont Foundation,” and is sponsored by SLU’s Division of Research Administration (DRA). The objectives of the BFDF are:

- To assist faculty in the pursuit of new or ongoing research;
- To support pilot research and concept development prior to the submission of proposals to external funding sources;
- To assist faculty in developing skills and competencies to pursue research and external support; and
- To support faculty in the pursuit of scholarly activity, including course and curriculum development.

There is an annual competition. A complete application package must be sent to the DRA at bfdf@slu.edu by March 1, 5:00pm. For more about the Fund, visit the BFDF Guidelines and Procedures page.

American Educational Research Association (AERA)

About the Program...

The AERA Grants Program “seeks to stimulate research on U.S. education issues using data from the large-scale, national and international data sets supported by the National Center for Education Statistics (NCES), [National Science Foundation] (NSF), and other federal agencies, and to increase the number of education researchers using these data sets” (AERA, web link follows).

Research Grants: Call for Proposals...

“AERA invites education-related research proposals using NCES, NSF, and other federal data bases. Research Grants are available for faculty at institutions of higher education, postdoctoral researchers, and other doctoral-level scholars. Applications are encouraged from a variety of disciplines, such as but not limited to, education, sociology, economics, psychology, demography, statistics, and psychometrics.”

The deadline to submit proposals is March 9. Visit the AERA website for more information.

NEWS & EVENTS

Faculty Research Symposium
We will be sharing the new grant writing process (from pre-award to post-award). Lunch will be provided.

Guest Speakers will be:

• Christine Luebbert, CEPS Grant Administrator
• Terri Borowiak, Grants Manager, Office of Research Development & Services
• Beth Lawrence, CEPS Business Manager
• Stacy Duvall, CEPS Financial Coordinator

The ONE Series
The ONE series (formally “Meet & Greet”), co-sponsored by the Office of Research Development & Services and the Office of Corporate and Foundation Relations, is designed to provide opportunities for multidisciplinary collaborations within the SLU research and scholarly community.

These informal gatherings serve as forums for open discussion on topics that may be of interest to researchers from a variety of disciplines. Funders are increasingly interested in supporting projects that propose to examine a topic from a variety of perspectives. The formation of interest groups around topical areas can expand funding opportunities as well as invigorate and inspire new directions in research.

Space is limited, so registration is required. Refreshments will be served. Please RSVP to: corporateandfoundation@slu.edu

An Exhibition of Current Research by SLU Faculty

Does your research draw heavily upon digital resources or tools?

Do you disseminate your research electronically?
   Do you create digital products?

Do you make extensive use of digital resources in your teaching?

If you can answer yes to any of these questions, then sign up for a presentation booth at this exhibition. Show off your research and accomplishments to the SLU community. Presenters can set up laptops demonstrating their research, as well as other visual aids.

Date: Tuesday, March 8, 2011
Time: 3:30-5:30pm
Place: Wool Ballroom BSC 172

* Reserve your booth by February 22, 2011 *

Attention: The New eCOI

The new electronic Conflict of Interest (eCOI) forms will now be the sole source of submitting Conflict of Interest disclosure forms for review and approval. The eCOI disclosures will be accessible in eRS.

The launch dates for CEPS and School of Social Work is Wednesday, March 9, 2011. **You will have 30 days from the initial launch date to submit your eCOI.** An e-mail notification will be sent once the eCOI disclosure is available to complete. After 30 days, your eRS account will be locked until you have submitted your eCOI.

If you have not previously used eRS, a role will be setup automatically when you have been launched the eCOI form for completion. Your eRS username and password will match your SLUNet username and password.

You can find the submission instructions and Conflict of Interest policies on the Responsible Conduct of Research website.

Training sessions have been scheduled to demonstrate how to access and complete the forms in eRS.

**eCOI Demonstration Schedule**

Thursday, March 3, 2011 @ 3-4pm (LRC Auditorium C)

Thursday, March 24, 2011 @ 3-4pm (Busch Student Center Room 253)
