The SLU eIRB tip of the month

Did you know? Exiting out of the system without signing out can cause other people with edit rights and the IRB staff to be locked out of the protocol (unable to edit). Make sure when you are ready to close the eIRB system you click the "Sign Out" button instead of the "X" on your Internet browser. Please see the attached tip for pictures.

For further tips or instruction, please see the eIRB user guides and quick sheets on the IRB web site. Previous tips may also be accessed here.
