Protocol Amendment Process for Investigator - eIBC

To start the protocol amendment process, navigate to the “Approved Protocols” section in your investigator dashboard and click on the “Protocol ID” of the protocol you'd like to modify.

Once the new window pops up, click on “Start Amendment” and hit “OK”.

https://eibc-test.slu.edu/
Fill out the front page of the Amendment and make any desired changes to the application.
Add required attachments at the end of the application.
Please make sure that you also check the “Certifications” box and the “Check for Completeness” section. When you are done, hit the “Submit Form” button.

Your amendment is complete.
