GRADUATE ASSISTANT (WITHOUT TUITION BENEFITS)

DISABILITY SERVICES, TESTING CENTER
Student Success Center, Academic Support
Division of Student Development
Saint Louis University

General Description

Saint Louis University is committed to providing equal educational access for all of its students by ensuring that students with documented disabilities receive reasonable academic accommodations which will support their effective participation in all aspects of the educational experience. Through Disability Services, students, faculty and staff are able to obtain information regarding services available, procedures, documentation, and best practices. The Disability Services Testing Center Graduate Assistant will assist the Retention & Academic Success department through work directly related to serving students with disabilities.

The Retention & Academic Success department strives to enhance the pursuit of lifelong learning, intellectual inquiry and communication by fostering students’ academic success and encouraging self-advocacy. Services promote a holistic developmental process that empowers students to become independent, competent and confident learners. The department provides assistance to students in support of their academic success including a first-year transition course, tutoring and writing assistance, Disability Services, and a student transition survey. The department works with all students, but offers specific transition support to first-year students through the University 101 course and MAP-Works transition survey.

Characteristic Job Tasks and Responsibilities

May include any and/or all of the following:

- Provide proctoring services and alternate text format services in support of Disability Services

Requirements

A Bachelor’s Degree is required. The Disability Services Testing Center Graduate Assistant must be an enrolled student of Saint Louis University, and cannot hold a graduate assistantship or be a full-time employee on campus during the same period. Priority will be given to students enrolled in the Higher Education Administration, Counseling and Family Therapy or Social Work graduate programs at Saint Louis University, but enrollment in other degree programs will be considered.

The successful candidate for the Disability Services Testing Center Graduate Assistant will have a general knowledge of student development theory, strong verbal and written communication skills, developed interpersonal human relations skills, and ability to plan and organize.

Expectations and Remuneration

No experience with disabilities is needed. The hired graduate student must be dependable and able to fully commit to a 20 hour work week schedule during the Fall and Spring semesters. Availability is necessary 4 consecutive hours a day Monday through Friday, including through the lunch hour. The Testing Center Graduate Assistantship is a 9-month appointment with compensation of $9,000, or $1,000 on a monthly basis. Appointment dates are September through May.
