Learn to Swim Camp
Enrollment is open to ages 6-13

The Learn to Swim Camp is designed for children with little or no swimming skills. A goal for this camp is to be able to swim at least 25-50 yards at the end of the week and be safe and comfortable in deep water. The instructors for this camp are current and former swimmers and are not listed in this brochure.

This level is available in three one-week camps in three different sessions (ALL DAY, AM & PM) for children between the ages of 6-13.

Policies
The following policies for participants and parents are established for the safety and enjoyment of all involved. Please read the following policies and become familiar with them.

1. Parents/Guardians are responsible for the welfare of their children prior to the start of and after the swim camp in which they are enrolled.
2. Children should not be dropped off before or leave more than ten minutes past the end of the camp times.
3. Disruptive or dangerous behavior by participants, as determined by the staff, cannot be allowed. Program staff will issue verbal warnings to children. If this doesn’t help, parents will be contacted by phone. Children may be dismissed from the program if the problem cannot be corrected or if behavior imposes a risk to other participants.
4. Enrollment in the Swim Camp Programs does not entitle the parents or participants use of the Department of Campus Recreation facilities for any purposes other than Swim Camp programs.
5. A Lost and Found area is located at the Simon Recreation Center.
6. Children should carry necessary items: swimming suit(s), towels, swim fins, kickboard, video tape, notebook and pencil, running shoes, goggles, and a well marked back pack to carry the aforementioned items. Each child should wear comfortable clothing, tennis shoes, and socks. Swim Camps and the Department of Campus Recreation are not responsible for lost clothing or belongings.
7. SuperSkill Summer Swimming Camps do not retain a full-time registered nurse and/or licensed physician so children requiring assistance in the administration of medication may require a parent/guardian to be present because medical personnel are not on duty.
8. SuperSkill Summer Swimming Camps reserve the right to cancel programs due to under-enrollment, facility, or staffing concerns. In these cases, a deposit will be returned in full.
