LLC

Satellite TV: Spanish Television channel TVE is no longer broadcasting at a compatible frequency with our satellite equipment. This change in transmission is only affecting Televisión Española and we continue to receive all other international channels. The channel previously allocated to TVE is now showing CRTVG, a Galician radio and television network. The LLC continues to record Spanish news daily both from SCOLA and CRTVG and the recordings are saved on the departmental drive. If you have questions or concerns regarding this change, please contact Mr. Dan Nickolai for more information.
