Dr. Jean-Louis Pautrot delivered an invited paper, "Boutès et le retour", at the International Colloquium on Pascal Quignard, held in Bordeaux, France, Feb 4-6, 2010, in the presence of the author.

Dr. Pautrot recently translated, by request, Requiem, a piece by composer Thierry Lancino with a libretto by Pascal Quignard. The piece was performed at Salle Pléyel in Paris in January 2010 to much critical acclaim. The libretto is an adaptation of Quignard's 2006 book Requiem published by Galliére. The piece can be found at http://www.lancino.org/requiem-film-sibyl-english.htm with Dr. Pautrot’s translation of the excerpt.
