General News and Announcements

The German Division trip to the restaurant Gasthaus in December was a great success. Turnout was excellent, around 35 people including students, Dr. Nancy Twilley, Dr. Greg Divers, and Dr. Sydney Norton. There was a huge German dinner with all the fixings and Strudel for dessert, and then one of the owners of the restaurant, Maritza Stock, came out to talk to the group about her experiences as a girl during the Second World War. She spoke first in German and then in English, and talked about her life as an Eastern European immigrant in St. Louis and how happy she was to be able to live in the U.S.

Congratulations to Dr. Sydney Norton and her husband Gabe, who adopted Arthur Joseph Norton-Shapiro just after Christmas, at the age of only three weeks old.
