Kudos

Dr. Evelyn Meyer co-organized a small, international conference in Bamberg, Germany with Dr. Andrea Schindler (Uni. Bamberg) that was inspired by her sabbatical leave research project. The conference "Geschichten sehen, Bilder hören. Bildprogramme im Mittelalter" [Seeing stories, hearing images. Medieval pictorial programs] was held on the campus of the Otto-Friedrich-Universität Bamberg on July 12 & 13, 2013. Dr. Meyer moderated a session at the conference and presented a paper: "'Der Maler konnte oder wollte nicht lesen' -- oder vielleicht doch? Text und Bild in den illustrierten Parzival-Handschriften." ["The Illuminator could not or did not want to read" -- or perhaps he could? Text and image in the illuminated Parzival-manuscripts].

Dr. Meyer and Dr. Schindler will publish the proceedings of the conference which was financially supported by a grant from the Otto-Friedrich-Universität Bamberg, the Zentrum für Mittelalterstudien and the Lehrstuhl für Deutsche Philologie des Mittelalters.
