Watching Current News from the Media Server

The Language Learning Center records news programs from our satellite TV channels. These files are located on our media server and are accessible from any computer in the LLC as well as faculty offices.

On any computer in the LLC, double-click on the "My Computer" icon on the desktop.

- Double-click on the Network Drive T:, which should be labeled "Dep on 'Nc-frost...."

- Double-click on the "Arts_sciencesLL" folder

- Double-click on the "LangLab" folder

- Double-click on the "News" folder

- Double-click on the folder of the language you’re interested in.

- Double-Click on the episode of the news you would like to watch. For most languages, programs from the last 3 days are kept archived.
