

Spanish Division

The Father Rosario Mazza Endowed Graduate Fellowship

The Father Rosario Mazza Endowed Graduate Fellowship was set up to provide fellowships to graduate students in Spanish. At the Spanish Graduate Program Director's discretion, s/he may make two yearly awards between \$500 and \$1000. There are three alternatives for this fellowship:

- to an interested student in order to attract the student into the graduate program;
- to a second-year graduate student based on his or her high academic performance;
- to a student wishing to take advantage of the Research Assistantship opportunity on the Madrid Campus and thus as a way of defraying the costs in connection with transatlantic transportation.
