REMARKS

- Currently, Madrid is only allowing the guest instructor to teach one course over the summer. When the option to teach two courses is reinstated, other colleagues (López) will join the rotation.
- For pedagogical reasons, St Louis Spanish Division would like to suggest an enrolment limit of 15 students for graduate classes taught over the summer.

The following colleagues also showed interest in exploring the possibility of exchanges between members of both campuses for a year or a semester in the future: Arbeláez, Cardona, Johnson, Lieberman, McBride, McCabe, Montero, Souza, Secrist, Wright. Details would need to be worked out.
