

**Research Assistantship
PhD Program in Epidemiology
University of Florida
Gainesville, FL**

The University of Florida is accepting applications for their PhD in Epidemiology program for Fall 2008. Merit-based research assistantships covering tuition and a stipend are available including two general assistantships matched to student interests, one assistantship in child and adolescent health, and one assistantship in aging and disabilities (details will be on the program website in early June). To be eligible for the assistantships completed applications must be received by June 16th, but applications will be accepted until July 31st. For additional details, please see our website (<http://www.epidemiologyphd.health.ufl.edu>) or contact Dr. Betsy Shenkman (bas@ichp.ufl.edu) or Dr. Elena Andresen (andresen@phhp.ufl.edu).
