TUTORING 101: STANDING APPOINTMENTS

What are Standing Tutoring Appointments?

- Standing Tutoring appointments are reoccurring, weekly tutoring appointments that are available participants in the Student Support Services TRIO program
- Students requesting standing tutoring appointments can request appointments for up to three classes. However, it is recommended to only commit to appointments for one or two classes. You will still have access to make additional tutoring appointments outside of the standing tutoring appointments
- Appointments can be made for a variety courses, but are most available for general courses pertaining to freshman and sophomore students

What are the benefits of Standing Tutoring Appointments?

- Students are able to develop a trusting relationship with their tutor and feel comfortable discussing issues experienced within the academic environment
- Since the tutoring sessions have already been scheduled, students do not need to worry about appointments being unavailable during peak times of the semester (e.g., midterms and finals)

How to schedule a Standing Tutoring Appointment

- At the beginning of each semester, a link for a Google form will be provided by the SSS advisors and available on the SSS Resources website. When filling out the Google form, make sure that you provide as much availability as possible to ensure that your appointment will be scheduled

Cancelling Standing Tutoring Appointments

- If you are unavailable for a session, please cancel at least two hours in advance
- If you would like to cancel your standing tutoring appointments, please contact the Coordinator of Academic Support

If there is ever a time that you have questions or concerns regarding standing tutoring appointments or about academic resources available for you, please contact your SSS Academic Counselor and/or the Coordinator of Academic Support (314-977-3484).
