MAKE MADRID YOUR CAMPUS

YOUR EDUCATION IN *Madrid*

If you are looking for an exciting international program at a prestigious U.S. university, the Madrid Campus is for you.

Saint Louis University offers nearly 100 academic programs, many of which are highly ranked by *U.S. World & News Report* and other independent organizations.

The University was founded on the Jesuit tradition of "educating the whole person." All students complete a core of liberal arts courses in addition to their main subject of study. As a result, you will come to think about the world in a different way, having developed a mental capacity for solving problems and thinking critically, skills essential for your future.

You may have already decided upon a degree program: engineering, business or international relations, for instance. Sample plans of study are available online. AP, SAT II and IB credits can fulfill degree requirements, as can courses taken at other universities. Your hard work elsewhere will give you a head start at the Madrid Campus.

Torn between economics and physics, philosophy and math, music and business? You can design the program you want, focusing on one area or bridging multiple disciplines. Not sure which major to pursue? The liberal arts structure of our degrees enables you to earn credits while exploring subjects before choosing a program.

Faculty and staff will help you with these important decisions; they are 100% committed to you as a student. The exceptionally low student-professor ratio means that they know you personally. They will reach out to you before you arrive, meet with you during orientation and be there for you throughout your studies. The Madrid Campus pledges to provide you with the advice and resources you need to choose a major, find an internship, write a senior thesis, get into graduate school and land your first job.

Finally, as a SLU graduate, you will be connected to over 118,956 alumni living around the world – more than 1,800 in Spain. You will become part of this international community of leaders who attribute their success, as you will too, to the education they received at Saint Louis University.

DISCOVER *Madrid*

Southern Europe's greenest city, Madrid offers refreshing parks and a beautiful riverside promenade. Spain's capital is also a compact city. The historic central district is easy to cross on foot, and the *barrios* popular among students are always only a few metro stops away – Madrid's mass transit systems is among the best in the world.

The seat of royalty for over 450 years, Madrid features a Royal Palace, an astonishing train station designed by Eiffel, countless theaters, museums and glorious churches – a wealth of culture that rivals that of any city in the world. The city is the ideal place to enjoy Spanish life, from flamenco shows to late-night tapas. Madrid is also home to 230,000 university students. It's a safe place to study, one that is alive with learning – and nightlife.

Strategically placed at the center of the Iberian Peninsula, Madrid places its people at its center – including you.

SCHOLARSHIPS AND FINANCIAL *Aid*

The Office of Admissions looks forward to reviewing your application. In addition to your high school or university transcripts, our staff review your university entrance exam scores, leadership involvement, extra-curricular activities, community service, letters of recommendation, personal essay and other materials you wish to include to support your application.

Whether you are looking to begin your university studies or transfer to SLU from another institution, you will be considered for a Madrid Campus merit-based scholarship when your application is reviewed for admission. U.S. citizens and permanent residents are also eligible to apply for U.S. federal financial aid through FAFSA.

All students may apply for administrative support scholarships. These scholarships reduce tuition fees while giving you professional experience through collaboration with administrative offices on campus, such as Admissions, Finance, Information Technology, Marketing and Communications, the Library and Student Life.

The Madrid Campus offers financial aid to more than half of its students.

LIFE IN *Madrid*

Experience life in a bustling European city as a Saint Louis University student.

Madrid is home to some of the world's finest museums, palaces and monuments. Gorgeous fountains with splashing waters can be found at the intersections of the city's grand, tree-lined avenues. Madrid's beautiful parks are ideal for weekend picnics or morning runs. Boutiques, tapas restaurants, and dance clubs crowd together in what were once medieval alleyways. In Madrid, the old world meets 21st-century elegance.

The city is also home to world-renowned soccer teams and an incredible music scene, from the latest pop sensation to jazz to the classics. You can dine out on traditional Spanish cuisine as well as sushi or the latest fusion fare. You can wander through open-air markets, see the latest box office hit at the theater, relax in the shade at a café, or stay up late dancing at a street festival.

The Madrid Campus is located in a safe, quiet neighborhood, within minutes of the city center. You'll find that you will quickly feel at home in our newly renovated, historically protected buildings, as well as the city as a whole. Students live with Spanish families, in student residences, or find their own apartments all over the city.

GO *global*

Are you ready to meet the world? Saint Louis University will expand your cultural horizons.

Your experience of studying on two continents will be invaluable. Not only does it imply language acquisition, but you'll have extensive exposure to different cultures, too. The Madrid Campus welcomes students from the United States, Spain, and over 65 other countries. Studying in such a diverse environment with people from cultures other than your own means that you will be uniquely prepared to meet the challenges of our increasingly globalized world.

PADRE ARRUIPE HALL

STUDY IN THE *USA*

Are you interested in studying both in Madrid and in the United States? Many of our academic programs like engineering and nursing enable you to begin your degree in Spain and complete it on our St. Louis Campus.

Founded in 1818, Saint Louis University is the oldest university west of the Mississippi River, the second-oldest Jesuit university in the nation. The city of St. Louis is located near the geographical center of the U.S. and holds a central place in American history as well. It served as the gateway to the West for the wagon trail, the landing from where Mississippi's great steamboats launched, and once the world's busiest railroad hub. This constant movement of people over the centuries gives St. Louis a surprisingly cultured air.

In St. Louis, the University enrolls nearly 13,000 students, including over 8,000 undergraduates from all 50 states and more than 75 foreign countries. The campus boasts 134 buildings on 271 acres of land in Midtown St. Louis. The university continually invests in new and modern facilities with the intent of maximizing student success. Whether it's in the state-of-the-art classrooms or one of the new residence halls currently under construction, SLU's focus remains on what will benefit you.

SAINT LOUIS UNIVERSITY-MADRID RANKINGS, FACTS AND FIGURES

FOUNDED: 1818 (St. Louis, Missouri), 1967 (Madrid)

SLU is one of only nine Catholic universities to receive a Carnegie Classification of "higher" or "highest" research activity.

MAKE A *difference*

Saint Louis University aims to educate the whole person – mind, body and spirit – with the goal of forming "men and women for others."

The Madrid Campus welcomes students of all faiths and religious traditions. Campus Ministry offers you opportunities to strengthen and explore your spirituality. Retreats, Bible study, community service, mission trips, prayer and faith-sharing groups, and other activities help you integrate faith into your life.

Students like you, with a commitment to social justice and earnest desire to make the world a better place, are what make Saint Louis University an extraordinary community. Extensive outreach and service programs give you the opportunity to grow as an individual who is deeply committed to others.

GET *involved*

Outside class, pursue your passions through extracurricular activities both on and off campus.

As a student at SLU-Madrid, you can compete in league soccer, debate current events or bring Shakespeare to life on stage. You can play basketball, volleyball, tennis and over 20 other sports – a great way to meet Spanish people and get to know Madrid.

What's more, you can hike, ski or even kayak in the nearby Guadarrama Mountains. At the same time, you can also learn how to play the Spanish guitar or dance flamenco. Students at the Madrid Campus publish poetry, put on art shows, and perform in musical concerts. They are actively engaged in clubs and organizations on campus and across the city, including the Student Government Association, the Campus Ambassador Program, the Model U.N., the Human Rights Club and more.

DO YOU *like to travel?*

Whether on your own or with the University, you will be able to experience Spain, the rest of Europe, and beyond with the Madrid Campus as your home base.

- Many academic courses incorporate study trips to destinations in Spain and Europe to enhance your understanding of concepts explored in the classroom.
- The Office of Student Life sponsors day and weekend excursions and can provide you with insider tips if you'd prefer to travel on your own.
- Madrid's *Adolfo Suárez Madrid-Barajas* airport, connected to the city by metro, makes it easy to take direct flights to cities all over Europe and beyond: Rome, Paris, London, Athens, Marrakech and more.

The most recent edition of *Barron's Best Buys in College Education* lists SLU as one of 220 colleges and universities that provide "a first-rate education at an affordable price." In the publication, *Barron's* calls SLU an "urban research university that refuses to act like one, caring for each individual as a total person and drawing its undergraduates into the life of the surrounding community."

SAN IGNACIO HALL

SLU'S ICONIC MASCOT *the Billiken*

Colleges and universities across the United States have their own mascots, which are symbols of good luck for sports teams and an ambassador of goodwill for the school.

The term "Billiken" refers not only to SLU's blue and white mascot. It is also used informally to refer to any SLU student. To be a Billiken means embracing the entire Saint Louis University experience. You will not only be a student, but a member of the University community. You will be a volunteer, a collaborator and a leader. You will be prepared and professional. Most of all, you will be yourself: unique.

Students share what being a Billiken means at bebilliken.com.
