PELVIC ANATOMY EXPO 2024 COURSE 5: Surgical and Clinical Implications of Pelvic, Hip, Spine, and Core Neuroanatomy:

A multidisciplinary didactic and hands-on cadaver course (Presented in ENGLISH) April 19-20, 2024

Auditorium 2 nd Floor Exhibit/Dining Hall	Zeiss Lab (ZLC)	Lab B	McCulloch Room (2 nd Floor)
--	-----------------	-------	---

7:30 am	Continental Breakfast	
8:00 am	Welcome and Introduction	J. Brown, MD N. Lemos, MD
8:15 am	Neuropelveology – The Clinical and Surgical Applications of the Laparoscopic Approach to the Lumbosacral Plexus.	N. Lemos, MD
8:45 am	 Simulcast Dissection: Laparoscopic Anatomy of the Lumbosacral Plexus Ultrasound-Guided Block to the Nerves of the Anterior Abdominal Wall and Inguinal Region Open Access to the Nerves of the Parieto-psoic Compartment 	 Dissection Demonstration N. Lemos, G. Fernandes (Laparoscopic) A. Raffaini & P. Peng (Blocks) J. Clifton (Open) Moderation and Theoretical Schemes: J. Solnik (Laparoscopic) P. Jaegger (Blocks) A. Hanna (Open)
10:00 am	Break and Exhibits/ Transition to Lab Attire	
10:30 am	Hands-on Cadaver Lab – OPEN: Nerves of the Anterior Abdominal Wall, Inguinal Region, Parieto-psoic Compartment: Ilio-inguinal, Ilio-hypogastric, Genito-femoral, Femoral, Lateral Femoral-cutaneous, Obturator Option to Rotate Through LAPAROSCOPIC Stations	All Faculty
12:00 pm	Lunch and Exhibits	
1:00 pm	Hands-on Cadaveric Lab: Ultrasound-Guided Block to the Nerves of the Anterior Abdominal Wall and Inguinal Region Open Access to the nerves of the Parieto-psoic Compartment	All Faculty
3:00 pm	Break & Exhibits	
3:30 pm	Tarlov's Cysts and other spinal causes of non-discogenic pain	R. Schrot
4:00 pm	Simulcast Dissection: Posterior approach to the sacral nerve roots	Dissection: R. Schrot Moderation & Theoretica Schemes: J. Brown & J. Clifton
5:00 pm	Wrap Up/ Evaluations and Adjourn	•

PELVIC ANATOMY EXPO 2024

COURSE 5: Surgical and Clinical Implications of Pelvic, Hip, Spine, and Core Neuroanatomy:

A multidisciplinary didactic and hands-on cadaver course (Presented in ENGLISH) April 19-20, 2024

Auditorium	2 nd Floor Exhibit/Dining Hall	Zeiss Lab (ZLC)	Lab B	McCulloch Room (2 nd Floor)
------------	---	-----------------	-------	---

Saturday, April 20, 2024				
7:30 am	Continental Breakfast			
8:00 am	Differential Diagnosis of Chronic Pelvic Pain	E. De		
8:30 am	The Hip-Pelvis-Spine Trinomium: Neuromusculoskeletal Interactions of the Lumbosacral Plexus and the Pelvic Floor	H. Martin		
9:00 am	MR Neurography, Tractography, and Imaging of the Lumbosacral Plexus	S. Goldman		
9:30 am	Subgluteal Approaches to the Nerves of the Deep Gluteal Space: Clinical Applications	J. Clifton		
10:00 am	Transgluteal and Transperineal Approaches to the Pudendal Nerve: Indications and Techniques	B. Rabischong		
10:30 am	Break and Exhibits			
11:00 am	Simulcast Dissection: -Ultrasound Guided Blocks to the nerves of the Deep Gluteal Space: Inferior/Superior Cluneal, Inferior/Superior Gluteal, Sciatic, Pudendal Nerves -From the sacrum to the Deep Gluteal Space. Hip endoscopic approach to the lumbosacral plexus with joint laparoscopic vision. -Open Subgluteal Approaches to the Nerves of the Deep Gluteal Space	Session Moderator: J. Brown Dissection Demonstrations: A. Raffaini (Blocks) H. Martin (Endoscopic) J. Clifton (Open) Theoretical Schemes: P. Jaegger (Blocks) M. Queiroz (Endoscopic & Open)		
12:00 pm	Lunch			
1:00 pm	 Hands-on Cadaver Lab: Multi-Disciplinary Approaches to the Nerves of the Deep?? 	All Faculty		
3:00 pm	Break and Exhibits			
3:30 pm	Cross-Disciplinary Think Tank Panel Discussion: Future Perspectives for Lumbosacral Anatomy and Approaches	Moderators: J. Brown, MD N. Lemos, MD H. Martin, MD		
5:00 pm	Wrap Up/ Evaluations and Adjourn
