PELVIC ANATOMY EXPO 2024

COURSE 1: Advanced Anatomy and Surgical Techniques for the Management of Deeply Infiltrating Endometriosis (Presented in ENGLISH)

April 15-17, 2024

Zeiss Lab (ZLC)

Lab B

2nd Floor Exhibit/Dining Hall

Auditorium

McCulloch Room

(2nd Floor)

| Monday, April 15, 2024 | | | | |
|------------------------|---|------------------------------|--|--|
| 7:30 am | Registration and Continental Breakfast | | | |
| 8:00 am | Welcome and Introduction | N. Lemos, MD A. Murji, MD | | |
| 8:15 am | Pelvic Surgical Anatomy • Superficial Anatomy related to Deep Structures • practical approach to sidewall dissection • ureteric dissection • learn to identify the hypogastric | A. Murji, MD | | |
| 9:00 am | Obliterated Cul-de-Sac – Developing a Systematic and Reproducible Approach • Avascular Spaces of the Pelvis – How and Why to Use Them • Standardizing the steps for tackling the obliterated cul-de-sac | M. Oliveira, MD | | |
| 10:00 am | Break and Exhibits | | | |
| 10:30 am | Bowel Endometriosis – Procedural Step-by-Step Tips-and-Tricks Fundamental Anatomical Concepts • Bowel Shaving • Discoid resection • Double Discoid resection • Segmental Resection • Appendectomy • Cecum and terminal ileum resection | C. E. Quieroz, MD | | |
| 11:30 am | Imaging for Endometriosis – What to Order for Each Disease Presentation and How to Interpret It. | J. Solnik, MD M. Atri, MD | | |
| 12:00 pm | Lunch and Exhibits/ Transition to Lab Attire | | | |
| 1:00 pm | Managing Complications in Endometriosis Surgery: Tips and Tricks | F. Heredia, MD | | |
| 2:00 pm | Urinary Tract Endometriosis Fundamental Anatomical Knowledge Ureter – How to Identify and Dissect Managing Ueteric Endometriosis – Ureteric stenting, shaving, anastomosis, and reimplantation Managing Bladder Endometriosis – shaving, full thickness resection, and partial cystectomy | M. Tobias Machado, MD | | |
| 3:00 pm | Endoscopic Mechanical Stapler Introduction | W. Kondo, MD | | |
| 3:15 pm | Break and Exhibits | | | |
| 3:45 pm | Hands-on Wet Lab: Endoscopic Mechanical Stapler Session | All Faculty | | |
| 5:00 pm | Adjourn/ Shuttles to Hotels | | | |

PELVIC ANATOMY EXPO 2024

COURSE 1: Advanced Anatomy and Surgical Techniques for the Management of Deeply Infiltrating Endometriosis (Presented in ENGLISH)

Zeiss Lab (ZLC)

Lab B

McCulloch Room

(2nd Floor)

April 15-17, 2024

2nd Floor Exhibit/Dining Hall

Auditorium

| Tuesday, April 16, 2024 | | |
|-------------------------|---|-------------------|
| 7:30 am | Continental Breakfast | |
| 8:00 am | Learn How to be a Nerve Sparing Surgeon: Understand Pelvic Neuroanatomy and Neurophysiology Principles of nerve-sparing radical resection of endometriosis How to dissect the hypogastric nerve and use it as a landmark for sparing the inferior hypogastric plexus and preserving bladder function | B. Rabischong, MD |
| 9:00 am | Upper Abdomen and Diaphragmatic Endometriosis Diagnosis Diaphragmatic and liver ligament anatomy Strategies for approaching nodules at each different diaphragmatic location | N. Lemos, MD |
| 10:00 am | Break and Exhibits/ Transition to Lab Attire | |
| 10:30 am | Hands-on Cadaver Lab: • Port Placement - practicing the standardized approach to the obliterated cul-de-sac • Development of avascular spaces • Identification of Hypogastric Nerve and Inferior Hypogastric Plexus • Ureteric and Bladder Dissection | All Faculty |
| 12:00 pm | Lunch and Exhibits | |
| 1:00 pm | Hands-on Cadaveric Lab: Cystotomy and cystorrhaphy Ureteric reanastomosis | All Faculty |
| 2:30 pm | Break & Exhibits | |
| 3:00 pm | Hands-on Cadaver Lab: • Ureteric Stenting • Ureteric Reimplantation | All Faculty |
| 5:00 pm | Adjourn | |

PELVIC ANATOMY EXPO 2024

COURSE 1: Advanced Anatomy and Surgical Techniques for the Management of Deeply Infiltrating Endometriosis (Presented in ENGLISH)

April 15-17, 2024

| Auditorium 2 nd Floor Exhibit/Dining Hall Zeiss Lab (ZLC) Lab B McCulloch Ro (2 nd Floor) |
|---|
|---|

| Wednesday, April 17, 2024 | | | | |
|---------------------------|---|-------------|--|--|
| 7:30 am | Continental Breakfast | | | |
| 8:00 am | Hands-on Cadaver Lab: Bowel Shaving and Suturing Discoid Resection | All Faculty | | |
| 10:00 am | Break and Exhibits | | | |
| 10:30 am | Hands-on Cadaver Lab: Rectal Sleeve Resection Using Linear Stapler Rectal Segmental Resection | All Faculty | | |
| 12:00 pm | Lunch | | | |
| 1:00 pm | Hands-on Cadaver Lab:AppendectomyCecal and Terminal Ileum Resection | All Faculty | | |
| 2:30 pm | Break and Exhibits | | | |
| 3:00 pm | Hands-on Cadaver Lab: Management of Vascular Injuries Diaphragmatic Endometriosis | All Faculty | | |
| 5:00 pm | Wrap Up/ Evaluations and Adjourn | | | |
