One-Year Master of Business Administration
+ John Cook School of Business

Saint Louis University is a Catholic, Jesuit institution that values academic excellence, life-changing research, compassionate health care, and a strong commitment to faith and service.

Founded in 1818, the University fosters the intellectual and character development of nearly 14,000 students on two campuses in St. Louis, Missouri, and Madrid, Spain. Building on a legacy of nearly 200 years, Saint Louis University continues to move forward with an unwavering commitment to a higher purpose, a greater good.

OVERVIEW

The John Cook School of Business one-year Master of Business Administration is the first and only program of its kind in the region accredited by the Association to Advance Collegiate Schools of Business (AACSB). This program offers an integrated curriculum from a highly respected, highly connected institution.

Fast-paced and dynamic, this MBA program enables you to complete your degree in one year of intense study. Inspired by SLU’s Catholic, Jesuit mission of educating the whole person, seeking truth and serving others, the program equips you to excel in the global business marketplace and offers the necessary skills for those interested in career transitions.

Prior work experience is not required for entry into the program. Our students come from diverse educational and professional backgrounds, not only from business-related fields. The SLU MBA attracts both nationally and internationally, creating a multitude of networking opportunities and leading many students to careers across the country and abroad.

One-year MBA students also benefit from the extensive guidance our Career Resource Center provides, including more than 80 hours of professional development, employer networking opportunities and ongoing support for alumni long after graduation.

The one-year MBA spans three terms — summer, fall and spring. Students start in the summer, taking MBA foundation courses during the weekdays, 9 a.m.–5 p.m., and then average 15 credits hours per semester in the fall and spring. Over winter break, students go on a one-week travel abroad experience.

As you pursue your MBA degree, you have the option to concentrate the electives of your coursework in one of the following areas of emphasis:
• Accounting
• Economics
• Entrepreneurship
• Finance
• Information technology management
• International business
• Management
• Marketing
• Project management
• Supply chain management
