

Safety, Health & Environmental Professional (SHEP)

This is certificate program nationally recognized and requires a minimum of eight (8) OSHA courses and requires experience in Safety and Health. You must obtain your CSHO either as a part of earning your SHEP or prior to starting. In addition to CSHO (The Safety and Health section of this certification) one (1) course in Risk Management and two (2) courses in Environmental must be completed. Transfer up to two (2) required courses from any OSHA Training Institute Education Center outside of OSHA Region VII (Midwest). The certification costs \$75 and there is no time limit in which the courses must be completed.

Safety and Health

Required (1)

- ❑ CSHO General Industry (requires no additional OSHA electives)
