

Forwarding Your SLU Email Account to Another Email Address

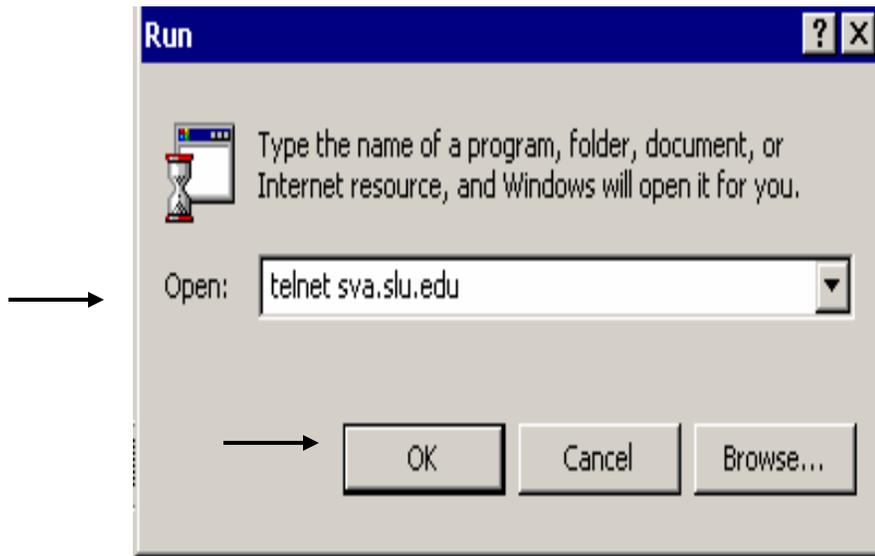

1. Click on **Start** (located in the lower left-hand corner of your screen),
Run:

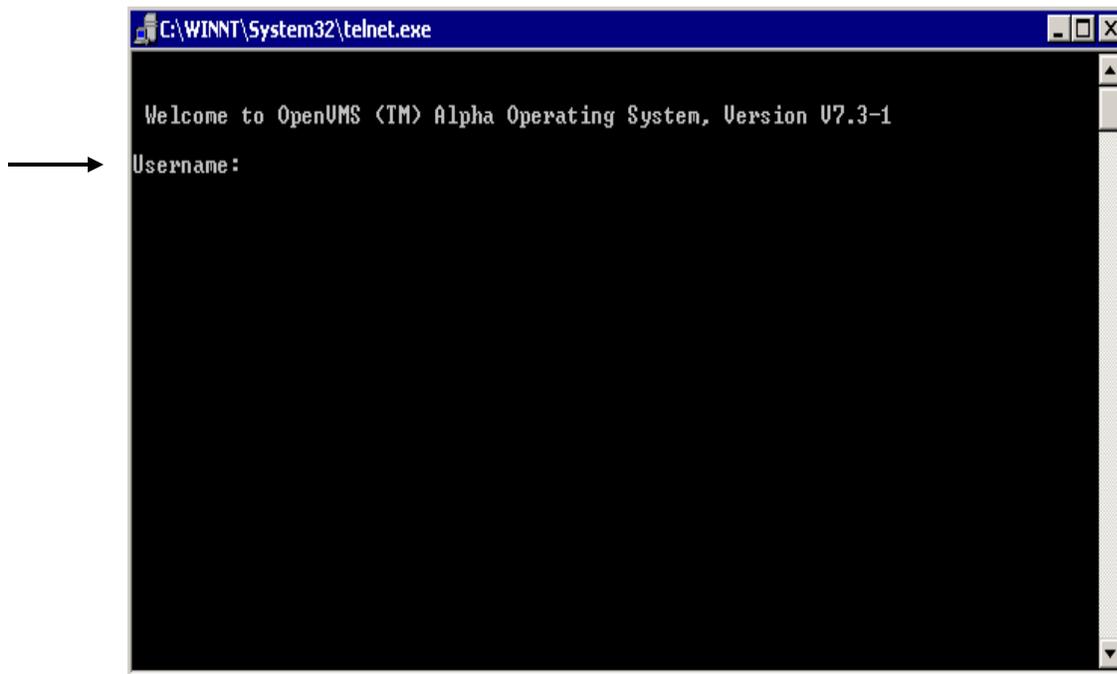

2. The **Run** window opens:

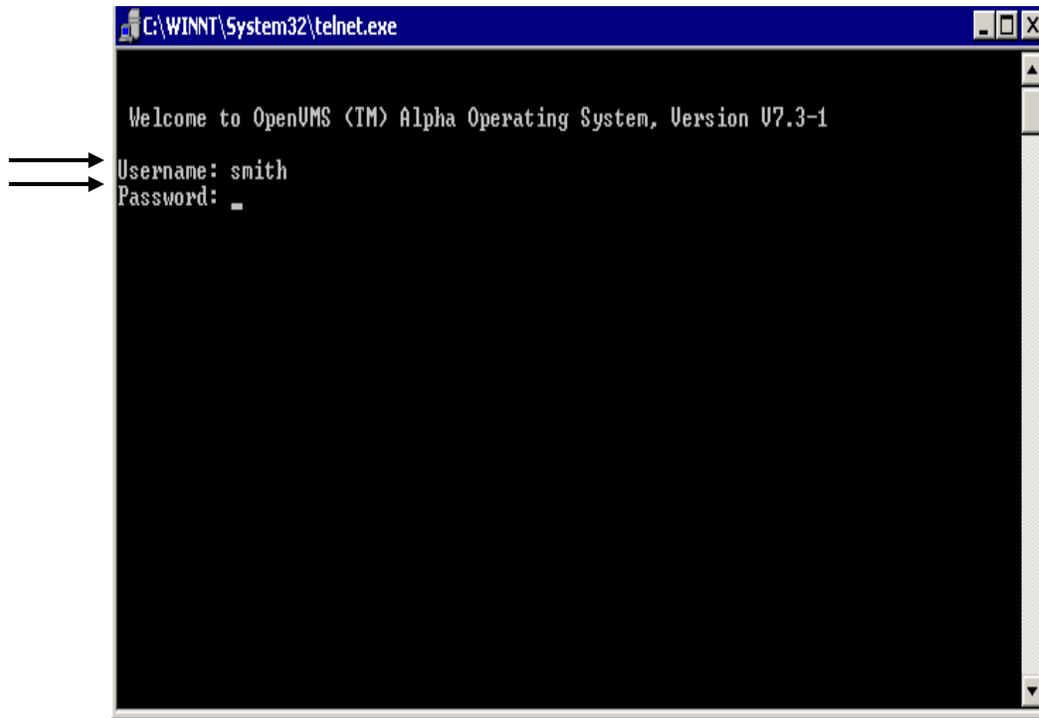

3. In the **Open** field, type **telnet sva.slu.edu** then click **OK**

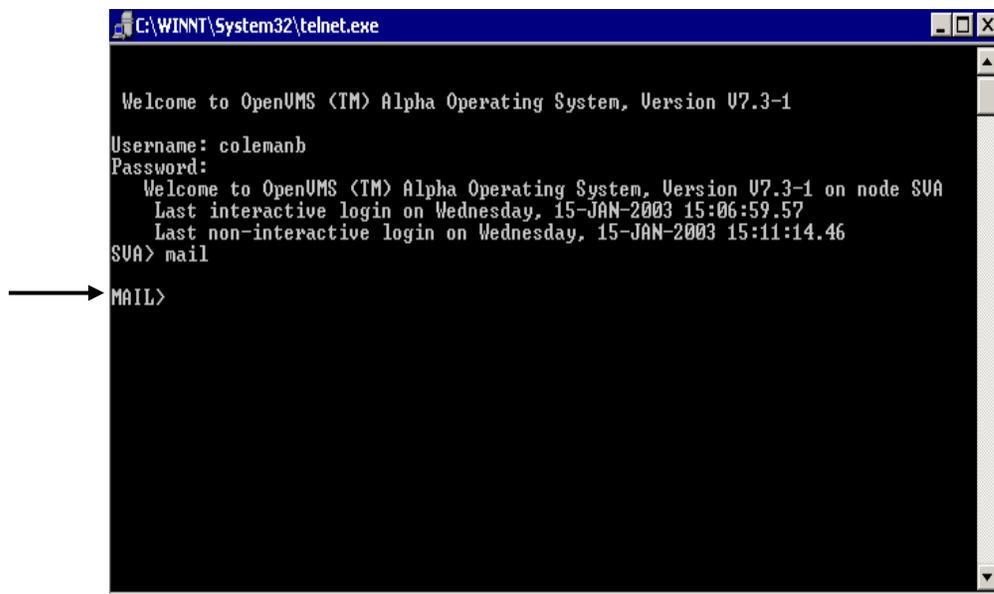

4. A **C:** system window opens and prompts you for your **Username** :

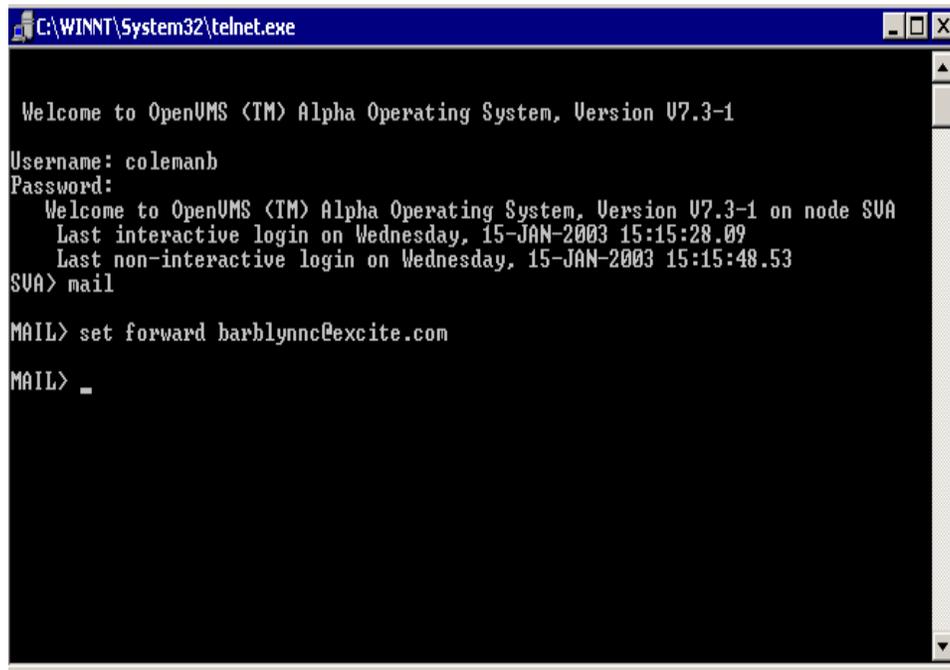

5. Enter your SLU Username and press **enter**. You are then prompted for your **Password**. Enter your password and press **enter**:

6. You will receive an **SVA>** prompt. At this prompt, type **Mail** and press **enter**. You now have a **MAIL>** prompt:

7. At the **MAIL>** prompt, type **set forward** followed by the complete address you to which want your SLU email to be forwarded. Press **enter**:

```
C:\WINNT\System32\telnet.exe

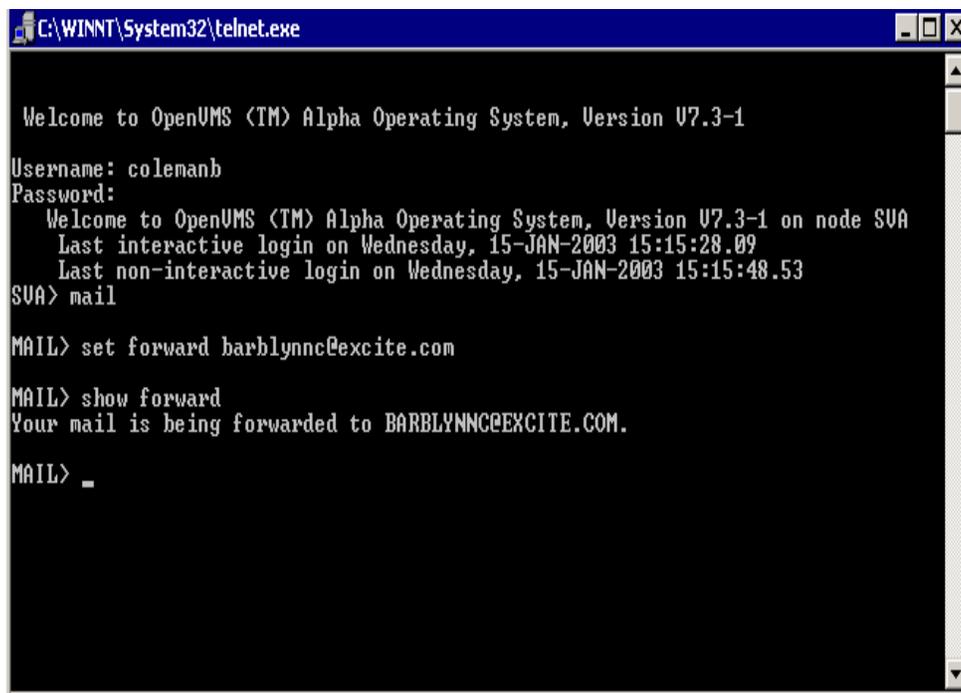

Welcome to OpenUMS (TM) Alpha Operating System, Version U7.3-1

Username: colemanb
Password:
Welcome to OpenUMS (TM) Alpha Operating System, Version U7.3-1 on node SUA
Last interactive login on Wednesday, 15-JAN-2003 15:15:28.09
Last non-interactive login on Wednesday, 15-JAN-2003 15:15:48.53
SUA> mail

MAIL> set forward barblynncc@excite.com

MAIL> _
```

8. You are returned to the **MAIL>** prompt. To be sure you are now forwarding your mail, at the **MAIL>** prompt, type **show forward** and press **enter**. You'll receive a confirmation message telling the forwarding address:

```
C:\WINNT\System32\telnet.exe

Welcome to OpenUMS (TM) Alpha Operating System, Version U7.3-1

Username: colemanb
Password:
Welcome to OpenUMS (TM) Alpha Operating System, Version U7.3-1 on node SUA
Last interactive login on Wednesday, 15-JAN-2003 15:15:28.09
Last non-interactive login on Wednesday, 15-JAN-2003 15:15:48.53
SUA> mail

MAIL> set forward barblynncc@excite.com

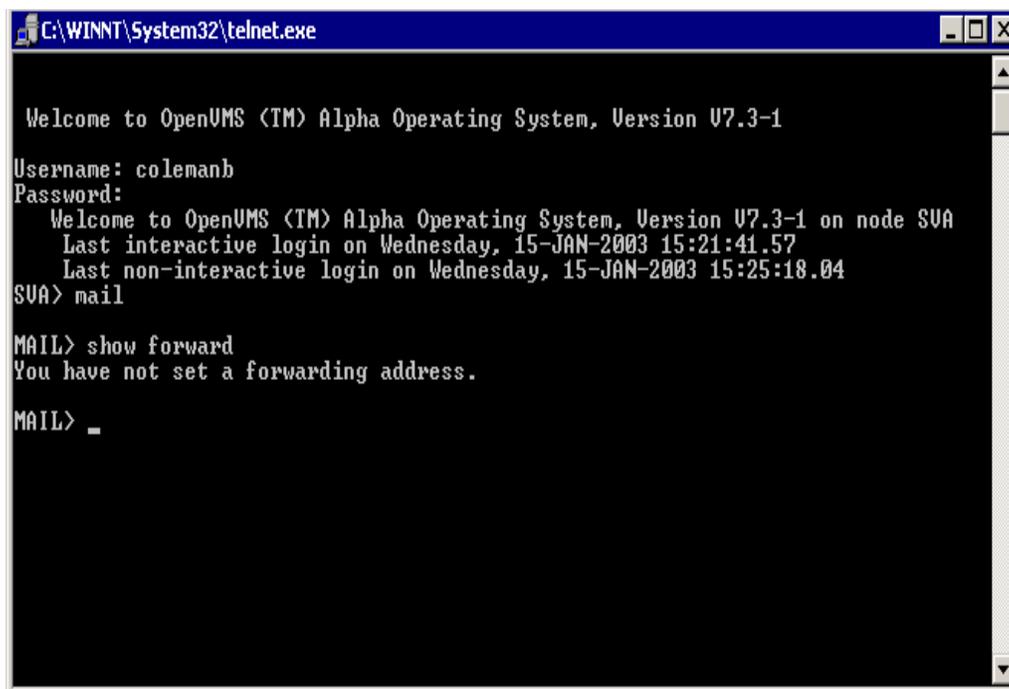

MAIL> show forward
Your mail is being forwarded to BARBLYNNCC@EXCITE.COM.

MAIL> _
```

←

9. At the **MAIL>** prompt, you may either type **EXIT** or press the **Ctrl** and **Z** key simultaneously. You are returned to the **SVA>** prompt. Type **LO** (this stands for Log Out) and the window disappears.

10. If you ever wish to cancel the forwarding of your SLU email to another account, just repeat steps 1-6. To reverse your forward at the **MAIL>** prompt (as seen in step 7), type **set noforward** and press **enter**. To see that your mail is no longer being forwarded, at the **MAIL>** prompt type **show forward** and press **enter**. You'll receive a confirmation message that the mail is not being forwarded:

```
C:\WINNT\System32\telnet.exe

Last non-interactive login on Wednesday, 15-JAN-2003 15:25:18.04
SUA> mail

MAIL> show forward
You have not set a forwarding address.

MAIL> _
```

At the **MAIL>** prompt, you may either type **EXIT** or press the **Ctrl** and **Z** key simultaneously. You are returned to the **SVA>** prompt. Type **LO** (this stands for Log Out) and the window disappears.

NOTE: if you have a private Internet Service Provider (ISP) and want *that* email to be forwarded to your SLU account, you'll need to contact your private provider and get instructions from them. We are unable to forward outside accounts into your SLU account for you—that must be done by your private provider (such as AOL.)

For assistance, please call the ITS Support Center at 977-4000.
