How do I complete the Stafford Master Promissory Note (MPN)?

1. Log onto mySLU, the University’s information portal at myslu.slu.edu.

2. Under the “Student” tab, select “Financial Aid Awards” within the “Student Financial Services” section.

3. Accept your Financial Aid/Stafford Loan

4. Complete a Master Promissory Note (agreement between the lender and borrower). The Master Promissory Note will only need to be completed once during your academic duration at Saint Louis University.
   
   a. Visit: http://finaid.slu.edu/loans
   
   b. From either Undergraduate or Graduate loan resources, select the “Stafford Loan Lenders and Benefits” option.

   i. Undergraduates: Saint Louis University has identified several commonly used lenders due to their benefits and services. You may select from one of these lenders or select one which is not on this list. If you select a lender from SLU’s commonly used lender list, you will then be re-directed to the lender’s website to complete the Master Promissory Note (MPN). Please make sure to e-sign your MPN and print a copy for your records. The lender will then notify SLU that your MPN has been completed, and SLU will continue to process your loan.

   ii. Graduate/Professional Students: Saint Louis University is a lender for the Graduate/Professional Students; money earned from the proceeds of these loans help provide scholarships for undergraduate students. You may choose Saint Louis University as your lender or you may select from one of SLU’s commonly used lenders or select one of your own. If you chose to select SLU as your lender, you will then be re-directed to the Wachovia’s website (SLU’s lending partner). Please make sure to e-sign your MPN and print a copy for your records. Your lender will then notify SLU that your MPN has been completed, and SLU will continue to process your loan.

5. Your lender will notify SLU your MPN has been completed. Please allow 1-2 weeks for your mySLU account to reflect the receipt of your MPN from your lender.
