Summer Sessions

The Office of the University Registrar at Saint Louis University coordinates credit courses, institutes and special programs (undergraduate, graduate, and professional) for continuing, new, visiting and unclassified students at the University during the summer months. Our primary focus is on providing courses to meet the needs of our continuing and new students.

Saint Louis University welcomes all qualified students to attend Summer Sessions: continuing students, former/returning students, new students (undergraduate and graduate) and visiting students from other colleges and universities. No admission application is required for new and visiting students in the Summer Sessions. New students wishing to attend Saint Louis University in the coming fall semester must make formal application with Undergraduate Admission or the Graduate School. Attendance in the Summer Sessions does not assure admission for the regular academic year. Visiting students may enroll only in those courses for which the prerequisites stated in this catalog have been fulfilled. Undergraduate course descriptions are available within this catalog. Most University courses are deemed acceptable toward degrees at other colleges and universities; however, it is the responsibility of the visiting student to secure formal approval from his/her home institution for the transfer of summer sessions credits before registering for summer courses at Saint Louis University. Visiting students must complete the online Certification of Academic Standing section of the registration form that is included in the summer Schedule of Classes.

Students who file proper notices of course drops or withdrawals are entitled to refunds of tuition. The summer refund schedule is available on the summer sessions website, housed on the website of the Office of the Registrar.

There is no financial aid regularly available for the summer sessions. However, students who need financial assistance should contact the office of Student Financial Services about bank loans (DuBourg Hall, Room 121, 314-977-2350) as early as possible and well before the beginning of summer sessions.

A Budget Plan for tuition payment is available for both 6-Weeks sessions and the 8-Weeks session.

Payment of tuition, fees and deposits (when applicable) must be made prior to May 16. No student is officially registered until payment or satisfactory arrangement for payment has been made.
