NCATE Accreditation
The Education Unit of the College of Education and Public Service at Saint Louis University is accredited by the National Council for Accreditation of Teacher Education (NCATE), 2010 Massachusetts Ave., NW, Suite 500, Washington, DC 20036; phone (202) 466-7496. This accreditation covers initial teacher preparation programs and advanced preparation programs including graduate programs in education, counseling and administration.

Title II Institutional Report Card
In compliance with the provisions of Title II of the Higher Education Act, the following information is provided the public.

During 2008-2009, one hundred percent (100%) of Saint Louis University's initial teacher education program completers passed all required state certification tests. The statewide pass rate that year for program completers was 96%. During that year SLU placed 49 student teachers, with a student teacher to supervisor ratio of 3.06:1.

The Department of Educational Studies has developed programs that meet Missouri State requirements for teacher certification in Early Childhood, Early Childhood Special Education, Elementary, Middle (Language Arts, Math, Science and Social Studies), Secondary (English, Foreign Language, Math, and Social Studies), and Mild/Moderate Disabilities, K-12. Course offerings provide students with classroom and field-based experiences essential in the learning process. Programs are accredited by both the Missouri Department of Elementary and Secondary Education and NCATE. Successful completion of a 4-year program portfolio is required for certification. Background checks are required prior to field-based experiences.

Students should consult with their advisors to select courses that will fulfill their core and major requirements.

The School of Social Work’s Bachelor of Science in Social Work (BSSW) Program prepares undergraduate students for beginning professional social work practice. The BSSW degree provides generalist practice skills and is considered the first professional social work degree. BSSW graduates are eligible for membership in the principal professional organization, the National Association of Social Workers. In addition to preparing students for generalist social work practice, the BSSW program is designed to provide an excellent foundation for those who wish to pursue graduate education in social work or in other graduate programs.

The BSSW program is accredited by the Council on Social Work Education (CSWE). CSWE accreditation
is important for at least three reasons. First, it promotes a high quality, comprehensive social work education. Second, some states, including Missouri, offer professional licensure to graduates of CSWE-accredited undergraduate programs. Third, many Master of Social Work (MSW) programs grant advanced standing (i.e. waiver of introductory social work courses) to graduates of CSWE-accredited undergraduate social work programs. For example, the Saint Louis University MSW program waives the first 18 credit hours for students who receive advanced standing, resulting in students taking 39 credit hours rather than the full 57 credits for the MSW degree and may then be able to complete both the BSSW and MSW degrees in five years.

Evening BSSW Program
In addition to having a program for traditional day students, the School of Social Work provides an opportunity for working adults to earn a social work degree by offering classes during the evening. The Evening Program is offered in a partnership between the School of Social Work and the School for Professional Studies (SPS). Students apply and are admitted to SPS in accordance with their guidelines. Students take core courses (57 credits), elective courses (24 credits) and two social work courses (6 credits) through SPS. After both social work courses and a minimum of 60 hours are completed, students apply to the School of Social Work as a social work major. After being accepted and completing 90 credit hours, the student will transfer to the School of Social Work to complete the junior and senior level social work courses to obtain their BSSW degree.

Admission to the BSSW Program
Incoming freshmen, students changing their majors, and transfer students can identify social work as their intended major. As a professional school, the School of Social Work requires an additional and separate process for formal admission to the social work major. Formal admission to the social work major typically occurs at the end of the sophomore year.

5-Year Program (BSSW and MSW in 5 Years)
BSSW students interested in pursuing their MSW degree at Saint Louis University have the opportunity to complete their BSSW and MSW degrees in five years. BSSW students who receive a grade of “B” or better in their undergraduate social work courses receive 18 credit hours of graduate credit (“advanced standing”) for those courses. Additionally, with careful planning, students can take up to 9 graduate credit hours (3 courses) during their senior year. Students then graduate with a total of 27 credit hours toward their MSW degree. Students would then need to complete only 30 credit hours. Students could begin taking courses either during the summer or fall following their May graduation. All courses could be completed within three semesters (Summer, Fall, and Spring; or Fall, Spring, and Summer). Students considering this option need to carefully plan their schedules with their social work faculty mentor or academic advisor to accomplish this.
