The School of Nursing is located on the Health Sciences (South) Center Campus of Saint Louis University. The facilities of the School of Nursing include three large lecture halls, classrooms, a nursing technologies laboratory, graduate research laboratories, conference rooms, faculty and staff offices, and student and faculty/staff lounges. Found within the School of Nursing building, which was opened in 1978, is the Educational Media Department of the Health Sciences Center Library; resources include audio-visual and microcomputer hardware and software. The School of Nursing is accredited by the National League for Nursing, the Commission on Collegiate Nursing Education, and the Missouri State Board of Nursing.

To achieve the objectives of the undergraduate program, the School of Nursing utilizes hospitals in the University’s Health Sciences Center and many other hospitals, agencies, and resources in the Greater Saint Louis area.

**Undergraduate Study**

An undergraduate program leading to a Bachelor of Science in Nursing degree is offered by the School of Nursing. This program may be completed in one of three ways:

- The Traditional Pathway
- The Accelerated Option
- The R.N. to Masters Option - B.S.N. Completion Option for R.N.s

**Graduate Study**

Through the Graduate Department of Nursing, the Graduate School of Saint Louis University offers the degrees of Master of Science in Nursing, Master of Science in Nursing (Research), and Doctor of Philosophy in Nursing. The Master of Science in Nursing or Master of Science in Nursing (Research)/Master of Public Health is offered in cooperation with the School of Public Health. A post-master’s Certificate Program also is available.

For more information refer to the Graduate School Catalog.

**Continuing Education**

The School of Nursing offers a program of Continuing Nursing Education. Courses, institutes, and workshops provide the registered professional nurse with opportunities to meet the challenges of contemporary and future nursing. The focus is on the newer concepts and methods used in nursing education, leadership, clinical practice, and research.

**Special Admission Requirements**

The School of Nursing requires an ACT composite score of 22 with subscores of 20 or higher; one year of high school courses in biology and chemistry; and a GPA of at least 2.50 for admission. CPR certification and current health forms must be validated before enrolling in nursing courses with a clinical component.

**Curricula**

Curricular requirements of the baccalaureate degree program are subject to modification related to ongoing curriculum development.

**Program Directors:**
- Baccalaureate Program and Master’s Programs: Margie K. Edel, Ed.D., R.N.
- Doctoral Program (Interim): Andrew C. Mills, Ph.D., R.N.
- Research: Maryellen McSweeney, Ph.D.
- Continuing Education Program: Kristine M. L’Ecuyer, M.S.N., R.N.

**Faculty:**

- Department of Mental Health, Family, Community, and Systems Nursing
  - Deborah G. Loman, Ph.D., R.N., Chair
  - Sherrie A. Algren, M.S.N., R.N., N.N.P
  - Norma E. Anderson, Ph.D., R.N.
  - Mary Lee Barron, M.S.N., R.N., F.N.P.
  - Julie E. Bertram, M.S.N., R.N.
  - Nancy M. Birtley, M.S.N.(R), R.N.
  - Joan K. Carter, Ph.D., R.N.
  - Patricia L. Codden, M.S.N., R.N.
  - Teresa T. Dillard, M.S.N., R.N., P.N.P.
  - Mary M. Doerr, M.S.N., R.N.
  - Diana G. Fendya, M.S.N.(R), R.N.
  - Louise H. Flick, Dr.P.H., R.N.
  - Sally M. Frese, M.S.N.(R), R.N.
  - Kimberlee W. Hansen, M.S.N., R.N.
  - Linda L. Haycraft, M.S.N.(R), R.N., P.N.P.
  - Leah M. Holzum, D.C., B.S.N., R.N.
  - Linda S. Howenstein, M.S.N., R.N.
  - Dorothy C. James, Ph.D., R.N.
Irene S. Kalnins, Ed.D., R.N.
Jean A. Kiburz, M.S.N.(R), R.N.
Joanne C. Langan, Ph.D., R.N.
Barbara A. Latal, M.S.N.(R), R.N.
Mary Ann Lavin, D.Sc., R.N., A.N.P., FAAN
Sheila A. Leander, M.S.N., R.N.
Jack A. Lutman, M.S.N., R.N.
Hilda Diane Malloy, M.S.N., M.A., R.N.
Dorcas B. McLaughlin, Ph.D., R.N.
Maryellen McSweeney, Ph.D.
Andrew C. Mills, Ph.D., R.N.
Robin L. Moushey, M.S.N., R.N.
Ruth B. Murray, Ed.D., R.N., EA.A.N.
Marcella M. Petzchen, B.S.N., R.N., A.N.P.
Ronald F. Pionteck, R.N., M.N.P.
Heidi J. Pollard, M.S.N.(R), R.N.
Kathleen M. Potts, M.S., R.N., P.N.P.
Susan M. Quirk, M.S.N., R.N.
Cordie G. Reese, Ed.D., R.N., A.N.P.
Susan B. Richardson, M.S.N.(R), R.N.
Marcelle W. Robinson, M.S.N., R.N.
Mary Barker Robinson, M.S.N., R.N.
Cynthia S. Rubbelke, M.S.N.(R), R.N.
Deirdre M. Schweiss, M.S.N., R.N., P.N.P.
Lee I. Smith, D.N.Sc., R.N.
Kathleen M. Snider, M.S.N., R.N.
Grace D. Sotomayor, M.S.N., R.N.
Agneta M. Studt, M.S.N., R.N.
Kathleen A. Thorman, Ph.D., R.N.
Nina K. Westhus, Ph.D., R.N.

Department of Adult and Gerontological Nursing

Judith H. Carlson, M.S.N., R.N., G.N.P. Chair
Gerald A. Banet, M.S.N. (R), R.N.
Linda C. Beller, M.S.N., R.N.
Margaret R. Benz, M.S.N. (R), R.N., A.N.P.
Anna J. Biggs, Ph.D., R.N.
Pamela Z. Cacchione, Ph.D., R.N., G.N.P.
Joan F. McGinnis, M.S.N., R.N.
Suzanne D. Mahon, D.N.Sc., R.N.
Mary K. Macheca, M.S.N. (R), R.N.
Suzanne D. Mahon, D.N.Sc., R.N.
Joan F. McGinnis, M.S.N., R.N.
Kathleen A. Merlo, M.S.N.(R), R.N.
Norma A. Metheny, Ph.D., R.N., FAAN
Geralyn A. Meyer, Ph.D., R.N.
Sally J. Muich, M.S.N.(R), R.N.
Judith H. Myers, M.S.N., R.N.

Nursing (B.S.N.)

General Degree Requirements

English: Advanced Strategies of Rhetoric and Research, Literature ........................................... 6
Fine Arts ......................................................... 5
Natural Sciences: Chemistry I and II, Anatomy, Physiology, Microbiology, Nutrition .......................... 20
History .................................................................. 3
Philosophy .......................................................... 6
Introduction to Inferential Statistics .......................... 3
Theological Studies ............................................. 6
Applied Ethics/Morals ....................................... 3
Social and Behavioral Science: General Psychology, Introductory Sociology, Life Span Development .... 9
Electives ............................................................... 7
Area of Concentration (Nursing) ............................. 60

Total hours required for graduation (minimum): 126

The School of Nursing requires a 2.50 cumulative GPA.

Generic Baccalaureate Option-
Traditional Pathway

The traditional Baccalaureate Option offers a program of four academic years designed for high school graduates; it includes courses in the humanities, natural and behavioral/social sciences, and nursing. This option is open to transfer students. After completion of the program, the graduate is eligible to apply to take the professional licensure examination; however, the Missouri Nurse Practice Act, Chapter 335.066, states that “Completion of an educational program leading to a degree or diploma in nursing does not guarantee eligibility to write the licensure examination.” Background checks are required of applicants to apply for licensure

For specific admission criteria, refer to section on admission procedures.

130 - School of Nursing

Special Prerequisites for Admission
1. Baccalaureate or higher degree.
2. A grade point average of 2.50 on a 4.00 system in previous college work.

Special Admission Procedures
The following must be submitted as part of the application:

1. Original transcripts from all colleges previously attended.
2. Two letters of reference.
3. A letter describing nursing and qualities possessed by the applicant which relate to professional nursing. Letters should be sent to:
   Associate Director - Baccalaureate and Master's Programs
   Saint Louis University School of Nursing
   3525 Caroline Mall
   St. Louis, Missouri 63104
4. Transcripts are evaluated on an individual basis; however, it is recommended that all sciences be completed within 10 years of enrollment. If prerequisites are needed, submit all course descriptions for approval prior to enrollment to be assured that a particular course will be accepted.

After notification from the School of Nursing, a personal interview will be arranged.

Special Admission Procedures

The following must be submitted as part of the application:

1. A grade point average of 2.50 on a 4.00 system in previous college work.
2. Baccalaureate or higher degree.
3. Demonstrated ability to successfully carry and complete a college course load of at least 15 credit hours or more per semester.
4. Letters which attest to the applicant's academic ability and potential for success in the accelerated option.
5. A cumulative GPA of at least 3.2, with at least a "C" in all prerequisite course work.
6. An interview with an accelerated option faculty member.

Prerequisite course work must be completed prior to registration for the Accelerated Baccalaureate Option.

Accelerated Baccalaureate Option - Junior Entry

The Accelerated Baccalaureate Option - Junior Entry is designed for current students who have junior level standing and interest in completing the baccalaureate degree in nursing through the accelerated option. Minimum criteria for admission to the Accelerated Option through transfer include:

1. Completion of at least 73 semester hours, including all general education courses required for the 4-year Baccalaureate option (except nutrition), prior to enrolling in the accelerated option nursing courses.
2. A cumulative GPA of at least 3.2, with at least a "C" in all required courses.
3. Demonstrated ability to successfully carry and complete a college course load of at least 15 credit hours or more per semester.
4. Letters which attest to the applicant's academic ability and potential for success in the accelerated option from two (2) faculty members.
5. A letter describing nursing and qualities possessed by the applicant which relate to professional nursing.
6. An interview with an accelerated option faculty member.

Length of Program

The Accelerated Option begins in May with a summer session and extends through two additional semesters. Course requirements total 50 semester hours and include an average of 19-24 clinical laboratory hours per week. After completing the option, the graduate is eligible to apply to take the professional licensure examination; however, the Missouri Nurse Practice Act, Chapter 335.066, states that “Completion of an educational program leading to a degree or diploma in nursing does not guarantee eligibility to write the licensure examination.” Background checks are required of applicants to apply for licensure.

Registered Nurse-to-Master’s Option/R.N.-B.S.N. Option

The R.N. Option leads to a Bachelor of Science in Nursing degree for registered nurse graduates of associate degree or hospital diploma programs. This degree may be pursued on a part-time or full-time basis.

Special Admission Procedure
Applications must be accompanied by official transcripts from hospital schools (including transcripts from affiliated colleges or universities), community colleges, and other schools of higher education attended.

Special Prerequisites
Missouri licensure, American Heart Association Health Care Provider certification and current health forms must be validated before enrolling in nursing courses with a clinical component.

Transfer Credits
College-level courses completed at other accredited institutions will be accepted for transfer, provided the grade received is “C” (2.0) or above. Exceptions include physical education, personal development, and technical courses.

Saint Louis University School of Nursing acknowledges the value of previous nursing education and participates in the Missouri Articulation Plan. The Plan provides graduates of diploma or associate degree programs with three options for credit in previously completed courses to be applied to the baccalaureate degree: direct transfer, proficiency examinations, or escrow. Students select the option best suited to their educational plan in collaboration with their academic advisor. Thirty-eight of the 60 nursing credits will be awarded through articulation after the student has successfully completed a bridge course entitled NR N380, Conceptual Framework for Nursing Practice.

Individuals who do not have transferable credit hours for anatomy, physiology, microbiology, and/or nutrition may challenge these courses by examinations offered by the National League for Nursing. Additional credits may be earned by taking subject examinations through the College Level Examination Program (CLEP). The university limits credits awarded through examination to 18 semester hours. For specific information contact the Associate Director, Baccalaureate and Master’s Programs.

General Curriculum Requirements
A minimum of 126 credit hours is required. The last 30 hours must be taken at Saint Louis University.

Graduate Study

The R.N.-to-Master’s Option provides a means for registered nurse graduates of associate degree or hospital diploma programs to earn both a bachelor’s degree in nursing and a master’s degree in nursing. The option combines undergraduate and graduate education; senior-standing students may allocate six semester hours of 500-level courses toward the baccalaureate degree and six to seven semester hours of additional 500-level courses toward the master’s degree, thus reducing the total number of hours required by the master’s program by 6 credit hours. Application and acceptance into the Graduate School is required for matriculation in the Master’s Program. Students who choose not to progress or who are ineligible for admission to the Graduate School will be awarded the baccalaureate degree upon completion of undergraduate requirements.

For further information, contact the Associate Director, Baccalaureate and Master’s Programs.
