

# University Scholarship/ Financial Aid Programs

Saint Louis University is committed to educational excellence in the Jesuit tradition and to student service. Saint Louis University's Office of Scholarship/Financial Aid strives to help all qualified students afford the University's tradition of excellence by offering a wealth of student financial assistance programs. These programs have been created to recognize academic excellence, the values of Catholic, Jesuit education, and to help make Saint Louis University affordable. Saint Louis University's program of financial assistance is available to all eligible students. Through University, federal, state, and private agency programs, an eligible student may receive one or more different types of assistance in order to make Saint Louis University affordable.

There are four types of financial assistance programs available to Saint Louis University students: scholarships, grants, loans, and part-time employment. These financial assistance types are awarded individually or in combination, depending on the student's academic credentials, unique characteristics and talents, as well as financial need.

All Saint Louis University scholarship programs are highly competitive. Though University scholarship funds are significant, there are not sufficient funds to award all qualified students. All University financial assistance is awarded on a first-come, first-served basis. Early Admission and timely FAFSA application filing is strongly encouraged.

*NOTE: All programs, policies, and procedures described are subject to change. Contact the Office of Scholarship/Financial Aid for current information.*

## Saint Louis University Undergraduate Scholarship Programs

Saint Louis University's Scholarship programs for new and currently enrolled students are made possible through resources funded by Saint Louis University, individuals, corporations, foundations and alumni. The University's scholarships are awarded to students who demonstrate outstanding academic credentials and/or possess unique characteristics and talents that are central to the values of a Catholic, Jesuit education. First-time University students apply for these programs via the Office of Undergraduate Admission. Academic merit is determined by standardized test scores, and prior academic credentials. Unique characteristics and talents are determined by school activities, talent awards, achievements, and other miscellaneous

eligibility factors. Academic achievement for currently enrolled and transfer students is judged by the applicant's cumulative grade point average and by earned credit hours from other schools attended for transfer students. In general, all University Scholarship programs are renewable based on a student's continued full-time, undergraduate, day school enrollment, and sufficient academic standing per Scholarship and continued departmental/program coordinator approval. See specific renewal eligibility criteria for each Scholarship program and the Section on University Scholarship and Funded Programs' Policies and Practices.

## Saint Louis University Scholarship/Award Programs

To be considered for Saint Louis University scholarships, students must be admitted to the University and must have indicated an interest in scholarship consideration on the Application for Undergraduate Admission. Students also must meet the specific scholarship program criteria listed to be considered for each particular Saint Louis University Scholarship program. Priority will be given to all applications received by December 1, unless otherwise stated. After December 1, applications will be accepted (with the exception of the physical therapy program which has a December 15 deadline), and scholarship eligibility will be reviewed and awarded based on availability of funds.

Filing each new academic year's Free Application for Federal Student Aid (FAFSA) by March 1 is required in order to receive a scholarship's maximum award value for all award years. However, filing the FAFSA does not determine scholarship eligibility, unless otherwise noted. All scholarship awards will be limited to \$2,000 per academic year for students who do not file that academic year's FAFSA by March 1.

All merit-based Scholarships are renewable contingent on a student's continuous, full-time, undergraduate, day school enrollment and maintenance of renewal criteria for a particular number of semesters or until a baccalaureate degree is earned, whichever occurs first.

Scholarships may only be used in the fall and spring semesters. The Presidential, Provost, Xavier, Deans', University, Calloway/Wilkins, Ignatian Service, Junior Achievement, Jesuit Education and any other University funded Scholarship cannot be combined with one another, but each may be joined with the Saint Louis University Vision Tuition Scholarship, NCAA

Athletic-Grant-in-Aid, and the Family Award programs. Students eligible for any of the University's Employee Tuition Remission Benefit Programs (Spouse/Children, Faculty/Staff, FACHEX, Tuition Exchange, Tenet, etc.) may only be considered for honorary, non-monetary Saint Louis University Scholarship designation.

*NOTE: All programs are subject to change. Contact the Office of Scholarship/Financial Aid for current information.*

## Dual-Degree Program With Washington University in Saint Louis

Students attending Saint Louis University in the Dual-Degree Program with Washington University (formerly the Three-Two Program) who are receiving Saint Louis University Scholarship/Financial Aid cannot transfer this assistance to Washington University.

Scholarship/Financial Aid is available for students entering the Washington University portion of the program directly through Washington University's Office of Scholarship/Financial Aid. The majority of assistance awarded by Washington University is made based on need, but a limited number of merit-based scholarships are given each year. Students who are receiving scholarship/financial aid at Saint Louis University are encouraged to apply for continued assistance while attending Washington University.

## Veterans Assistance

The Office of the University Registrar, Room 22, DuBourg Hall, 977-2259, acts as the liaison between the student and various government offices to provide information on educational rights, privileges and responsibilities relating to Veterans Administration benefits. Services for Veteran students include a full-time University staff member who is responsible for processing official paperwork and for answering veterans' questions about certification.

## Student Employment Opportunities

Saint Louis University's student employment referral service operates from the Career Center in DuBourg Hall 150. The Center lists both on and off-campus non-Federal Work-Study job opportunities. For more information, call (314) 977-2828.

## Saint Louis University Budget Plan

The Saint Louis University Budget Plan allows parents and students to pay tuition, fees, and on-campus housing costs on a monthly basis per each period/semester of enrollments. The student's account is assessed a 1% finance charge on the monthly outstanding balance. You contract for this Budget Plan when you receive the initial bill for each period of enrollment.

## CASHE (College Aid Sources for Higher Education)

The Office of Scholarship/Financial Aid provides a computerized scholarship search service - CASHE. For a fee of \$10.00, CASHE analyzes a student's major, grade level, grade point average, race, handicap, gender, hobbies, work experience, religion, residence, nationality, veteran status and athletic ability to locate organizations that are offering scholarships for which the student may be eligible. To receive an application, call (314) 977-2350.

## Policies and Practices Governing Scholarship/Financial Aid

**Philosophy of the Saint Louis University Office of Scholarship/Financial Aid**  
Our first responsibility is to assist the most economically disadvantaged student, although the University makes available a wealth of merit and unique characteristic/talent award programs.

Self-help (loans and work) should be part of the University's scholarship/financial aid award.

Students and their families should make a commitment to their education with both current and future earnings; this means both working and borrowing to pay for their Saint Louis University education.

Student budgets should reflect reasonable allowances for average student expenses.

The Free Application for Federal Student Aid (FAFSA or Renewal FAFSA) is designed to provide an equitable formula for evaluating a student's financial need.

The FAFSA's need eligibility formula may not address each family's situation. Therefore, the University's Special Conditions-Unusual Circumstances Financial Data Statement (#9 Form) and similar documents are provided for the student and family to address this need.

Funding is limited and may not meet your total need for assistance. Therefore, the Office of Scholarship/Financial Aid will award need-based aid to the neediest students on a first-apply, first-awarded basis. Funding continues to be awarded on an ongoing basis until funding is exhausted.

The Office of Scholarship/Financial Aid has a responsibility to develop information and policies that minimize defaults on student loans.

The Scholarship/Financial Aid packaging process ensures effective use of available funds, and a fair and equitable treatment of all applicants.

## Student Rights and Responsibilities

Current federal law requires each eligible institution participating in Title IV federal and state financial aid programs to provide student financial assistance and other institutional information. Following is information available from the Office of Scholarship/Financial Aid and other University offices.

### You Have The Right:

To know all the federal, state, University and private student financial assistance programs available, including both need-based and non-need-based programs.

To know the policies, procedures, forms, deadlines, and eligibility requirements to apply for scholarship/financial aid; the criteria for selecting recipients and determining the amount of awarded assistance.

To know the policies, procedures, forms, deadlines, and eligibility requirements for a program of study-abroad/away.

To know the costs of attending the University, how those costs are determined, and how your student budget is developed.

To know what resources we have considered in calculating your financial need, how your FAFSA's Expected Family Contribution was determined, and how much of your financial need has been met.

To know the standards required for maintaining Satisfactory Academic Progress for scholarship/financial aid eligibility.

To know how and when disbursement of scholarship/financial aid is made, the University's refund policy for University costs of attendance, and any refund due to Title IV federal/state and other student assistance programs.

To know the terms and conditions of any loans, employment, scholarships, awards, grants, or benefit programs you receive.

### It Is Your Responsibility:

To read and consider all information about the University before you enroll.

To complete all University applications thoroughly and accurately, and submit them to the appropriate office(s) by required deadlines.

To accurately and honestly complete your Free Application for Federal Student Aid (FAFSA or Renewal FAFSA), and all other academic and scholarship/financial aid eligibility information you submit to the University. False or misleading information is a criminal offense and is subject to a \$10,000 fine, imprisonment, or both.

To use any federal, state, University, or private scholarship/financial aid received solely for expenses related to attendance at Saint Louis University or an approved study-abroad/away program.

To comply with aid verification requirements (if you are selected), provide verification or additional information as requested by the University, and submit corrections or new information, as appropriate.

To read, understand and accept responsibility for all forms or agreements you sign. We recommend you keep copies for your records.

To report to the Office of Scholarship/Financial Aid if you are in default on a student loan, or if you owe a refund or repayment on any educational grant received from any school.

To notify your student loan lender(s) of changes in your name, address, and school status.

To perform the work agreed upon when you accept a Federal Work-Study position.

To know and comply with the following University policies, practices, and procedures as they relate to scholarship/financial aid: withdrawal, class attendance, refund/repayment, satisfactory academic progress, debt management, and enrollment status for aid disbursement.

To keep your address and phone number current with the Office of the University Registrar.

## Deciding to Accept or Decline Your Scholarship/Financial Aid Award

In order to make the best decision for yourself, we encourage you to be aware of the following:

1. It is our policy to award limited-funded, need-based assistance to students who demonstrate the highest financial need based on available funds. For you to be able to afford the cost of attending Saint Louis University, assuming you have high financial need, we expect it to be necessary for you to also accept loans and/or work-study. We award scholarship/financial aid programs based on the information you

provide to Saint Louis University. Your eligibility may change when we reconsider any new information or changes (financial, enrollment status, family, housing, regulations, funding, etc.).

2. If you did not receive enough assistance, let us know. Help us to better understand your situation. If you have unique circumstances, we may be able to address them. Your signature on your Scholarship/Financial Aid Award Notification certifies that:
  - You are accepting or declining the aid offered to you as you have indicated on the Award Notification.
  - You will report receipt of any additional resources, such as scholarships and other changes (enrollment, housing, etc.) to the Office of Scholarship/Financial Aid.
  - You agree to comply with all policies and practices as detailed in this Bulletin and all other University publications.
  - You permit your awarded federal Title IV aid to pay for all prior or current period University charges as accumulated in your student account unless you circle NO for this question on the Award Notification. By answering NO to this questions, your federal Title IV aid, if any, will only be applied to current academic year University tuition and room/board student account charges.
4. If you attend two schools in the same enrollment period, you must inform the Office of Scholarship/Financial Aid at both schools. You can only receive federal or state aid at one school during the enrollment period.

## Enrollment and Academic Criteria

All University scholarship/financial aid is awarded subject to acceptance and admission to the University. A student is eligible for scholarship/financial aid if he/she maintains satisfactory academic progress and adheres to all other pertinent regulations and policies per the Scholarship/Financial Aid program. To maintain satisfactory academic progress, a student must meet the Academic Progress Policy. See the section entitled Satisfactory Academic Progress Requirements for all particulars.

## Scholarship/Financial Aid Review/Cancellation

The Office of Scholarship/Financial Aid reserves the right on behalf of the University to increase, decrease, and cancel an award due to changes in status in regard to: housing, aid sources, academics, regulations, appropriations or processing errors.

## Other Scholarship/Financial Aid

Recipients of Scholarship/Financial Aid from the University are required to notify the Office of Scholarship/Financial Aid of any other scholarships, grants, loans, or employment offered to them from all sources outside or inside the University. Failure to do so will result in the cancellation of all or a portion of the award. The University reserves the right to make warranted changes in an Scholarship/Financial Aid package when necessary.

## Payment of Scholarship/Financial Aid

The total amount of awarded assistance as shown on the Award Notification is paid in enrollment period installments. A portion of each award (with the exception of the Federal Work-Study Program and any other work program) is credited to the student's account per awarded enrollment period. If a credit balance remains in the student's account after all charges have been paid, student aid refunds are mailed to the student within two weeks.

## Scholarship/Financial Aid Renewability

No University, federal, state or private need-based assistance program awarded on FAFSA information is automatically renewed from year to year. A FAFSA or Renewal FAFSA must be submitted each new year on or soon after January 1 but no later than March 1 to the FAFSA processor to re-establish possible new academic year need-based assistance eligibility. In general, the majority of University merit, characteristic and talent Scholarships (Presidential, Deans', University, Calloway, Wilkins, Ignatian, Leadership, et cetera) are renewed each year without Scholarship re-application assuming minimum renewal criteria as required per Scholarship program, in addition to Renewal FAFSA filing by March 1 for each academic year to authorize maximum award payment.

## University Withdrawal/Enrollment Changes

If you withdraw from the University or drop classes within an enrollment period, keep the following points in mind:

1. To officially withdraw or drop classes, students must contact the Academic Services Center, located in DuBourg Hall #157 or your Dean's office and follow all required official withdrawal/drop procedures.
2. Consult your school's/program's policies and practices regarding grades when withdrawing or dropping classes. If you leave the University and do not formally withdraw, you will be assigned a grade of "F" (failure).
3. Withdrawal or dropping classes does not eliminate your financial obligation to the University. You are still responsible for any charges owed to the University at the time you withdraw or drop classes, based on the University's tuition and housing refund policies.
4. There are specific federal, state, and University withdrawal/drop policies regarding tuition and fees, housing charges, refunds to scholarship/financial aid programs, and repayments resulting from withdrawal. Consult the Office of Scholarship/Financial Aid for all particulars.
5. When withdrawing or dropping classes, there are two situations which may require an immediate repayment of scholarship/financial aid funds:
  - A. If your University charges are reduced because of withdrawal or the dropping of classes, and it creates a credit balance in your student account, these funds may be used to repay your scholarship/financial aid awarded programs. This will depend on the amount of your scholarship/financial aid and the date of your withdrawal.
  - B. If you withdraw completely from the University, you are no longer eligible to receive any scholarship/financial aid payments from that date forward. Federal Work-Study money earned before withdrawal will be paid. Students may not work on Federal Work-Study after withdrawing from the University.
6. Information regarding the federal/state and University regulations for calculating scholarship/financial aid refunds and repayments, and the order of programs to which we restore aid, is described in the section entitled, Scholarship/Financial Aid Withdrawal/Drop Refund Policy.
7. Students receiving a University funded merit-based Scholarship program must request a Scholarship Leave of Absence prior to withdrawal from the University. Failure to receive a Scholarship Leave of Absence approval prior to

withdrawing from the University terminates the student's renewal eligibility for their Scholarship should they return to the University. Contact the Office of Scholarship/Financial Aid for the Scholarship Leave of Absence Request form.

## Changes

Any change in name, address, aid sources, or student status must be reported immediately to the Office of Scholarship/Financial Aid. Changes in the family's financial circumstances may be submitted at any time for review to receive consideration for assistance adjustments.

## Enrollment Status

Eligibility for University Scholarship/Financial Aid programs requires a minimum period enrollment status depending on the Scholarship/Financial Aid program. In general, University and state scholarships/grants require consecutive full-time, undergraduate day school enrollment, and federal programs require at least a half-time enrollment status, except the Pell Grant program. See each Scholarship/Financial Aid program described for minimum enrollment status eligibility. Enrollment status is based on for credit, tuition charged enrollment hours.

### SUMMER SESSIONS (all student careers/schools)

Full-Time ..... .6 or more hours per session  
 Half-Time ..... .3 to 5 hours per session  
 Less Than Half-Time ..... .2 hours or less per session

### FALL AND SPRING SEMESTERS/TERMS (by student careers/schools)

#### Undergraduate

Full-Time ..... .12 or more hours per semester  
 Half-Time ..... .6 to 11 hours per semester  
 Less Than Half-Time ..... .5 hours or less per semester

#### Undergraduate - School for Professional Studies

Full-Time ..... .6 hours per term  
 Half-Time ..... .3 to 5 hours per term  
 Less Than Half-Time ..... .2 hours or less per term

## University Scholarship And Funded Program' Policies And Practices

The following general policies and practices apply to initial and renewal eligibility for University scholarship and funded programs, in addition to each program's eligibility criteria as detailed per University Scholarship/Award program.

University funded programs are subject to change. The University reserves the right to change, reduce, or cancel University funded programs.

Undergraduate Scholarship/Award eligibility is for a maximum of eight semesters of consecutive full-time, undergraduate, day school, for credit enrollment or the completion of a baccalaureate degree, whichever occurs first. Undergraduate Scholarship/Award eligibility for Transfer scholarships is for a maximum of six semesters for the Phi Theta Kappa and Transfer Scholarships or four semesters for the Transfer Honor and J. Paul Fechter Scholarships, or the completion of a baccalaureate degree, whichever occurs first. In addition, each Undergraduate University Scholarship/Award program requires a minimum cumulative grade-point-average and possible service/leadership and other requirements in order to maintain renewal eligibility as detailed earlier per named program.

Students who fail to maintain their scholarship renewal criteria as measured at the end of each academic year are permitted one year of scholarship probation. If at the end of the proba-

tionary year, the student's academic and/or service/leadership scholarship requirements are still deficient, the student's renewal scholarship eligibility is terminated from that date forward. A student has the right to appeal Scholarship termination. Contact the Office of Scholarship/Financial Aid for scholarship termination appeal policies and procedures.

Scholarship students that do not enroll as a full-time, undergraduate, day school student, forfeit their Scholarship eligibility from that date forward. The exception to this policy is for a student that has been approved for a Scholarship Leave of Absence. Contact the Office of Scholarship/Financial Aid for Scholarship Leave of Absence policies and procedures before enrolling less than full-time or withdrawing from the University for any/all reasons.

The award value of University merit-based Scholarship programs is established in the initial Admission entry year and renewed at that same award value per the award program's particulars.

Undergraduate Scholarship/Award eligibility is only for the Fall and Spring semesters of the academic year.

Residence Life Scholarships require housing in University residence halls/apartments and billing of Residence Life charges through the Office of Student Accounts. The exception to this policy is for SLU-In-Spain/France/Beijing enrollment periods. Students eligible for University Benefit programs (Child/Spouse, Faculty/Staff, Tenet, FACHEX, Tuition Exchange) are not eligible to receive other University funded assistance programs.

Students eligible for free tuition assistance from non-University and University funded sources (scholarships, grants, benefits, etc.), which in combination exceed the enrollment period's tuition charges, will reduce or cancel the University tuition funded sources to the level where the sum of total free assistance equals the enrollment period's tuition charges.

The University's Scholarship Program is subsidized by generous gifts from donors, corporations, and foundations. Selected scholarship awardees are notified annually of the donor(s) funding their scholarship and may be requested to write a letter of appreciation and/or to attend a reception to thank their scholarship's donor to ensure that scholarship resources will be available into perpetuity. Selected student awardees will be required annually to submit their letter(s) of appreciation, per the specified deadline date, and/or to attend a reception to thank their scholarship's donor in order to maintain renewal University Scholarship eligibility.

## Scholarship/Financial Aid For University Study Abroad/Away Programs

Students enrolling in the University's study-abroad/away programs (Saint Louis University-in-Spain, France, Beijing, etc.) are eligible to receive scholarship/financial aid programs but with certain limitations. Students considering enrollment in the University's study-abroad/away programs are strongly encouraged to contact the Office of Scholarship/Financial Aid for information regarding eligible programs and award limitations prior to registering for any University study-abroad enrollment periods.

A student desiring to pursue an approved study-abroad/away educational experience not offered by Saint Louis University may be eligible to utilize non-University financial aid programs to assist in paying for such an experience. In order for the experience to be eligible for a Saint Louis University Financial Aid Consortium Agreement, the following conditions must be met:

Saint Louis University may enter into Financial Aid Consortium Agreements with other institutions, which provide sound, and unique, full-time, full-semester educational experiences, which are not available at Saint Louis University. These agreements allow Saint Louis University to process certain types of financial aid for a student's use for no more than one year at the other institution. The deans of individual colleges must evaluate and may approve, on a case-by-case basis, the academic merit of the study-away experience/course work and its transferability to the student's University degree program. Such Financial Aid Consortium Agreements will allow students, contingent on aid program regulations, to utilize only the federal Pell grant, federal Stafford loan, federal Parent loan, and any state or private (non-University) student aid programs in meeting the costs of attendance at the consortium institution.

Students interested in exploring a non-University study-away enrollment are strongly encouraged to discuss the experience thoroughly with the Dean's Office before beginning the application process. Afterwards, the student may pick up the Financial Aid Consortium Agreement form that is available in the Office of Scholarship/Financial Aid.

## Federal Aid Programs General Information

The U.S. Department of Education has the following major Student Financial Assistance (SFA) Programs: Federal Pell Grants, Stafford Loans, PLUS Loans, Consolidation Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), Federal Work-Study, and Federal Perkins Loans.

Grants are financial aid you do not have to pay back.

Work-Study lets you work and earn money to help pay for school.

Loans are borrowed money that you must repay with interest.

### Student Eligibility

To receive aid from the federal student aid programs, the student must:

Have FAFSA financial need, except for some loan programs.

Have a high school diploma or a General Education Development (GED) Certificate, pass a test approved by the U.S. Department of Education or meet other standards your state establishes that are approved by the U.S. Department of Education.

Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program. (You may not receive aid for correspondence or telecommunications courses unless they are part of an associate, bachelor's, or graduate degree program.)

Be a U.S. citizen or eligible noncitizen.

Have a valid Social Security Number.

Make satisfactory academic progress.

Sign a statement on the Free Application for Federal Student Aid (FAFSA) certifying that you will use federal student aid only for educational purposes.

Sign a statement on the FAFSA certifying that you are not in default on a federal student loan and that you do not owe money back on a federal student grant.

Register with the Selective Service,\* if required.

\* If you are a male 18 through 25 years of age and you have not yet registered with Selective Service, you can give Selective Service permission to register you by checking a box on the FAFSA. You can also register through the Internet at [www.sss.gov](http://www.sss.gov).

When you apply for aid from the federal student aid programs, the U.S. Department of Education verifies some of your information with the following federal agencies:

Social Security Administration (for verification of Social Security Numbers and U.S. citizenship status).

Selective Service System (for verification of Selective Service registration status, if applicable).

Immigration and Naturalization Service (for verification of eligible noncitizenship status, if applicable).

Department of Justice (for verification that a student has not been denied Federal student aid by the courts as a result of a drug-related conviction).

Veterans Administration (for verification of veterans status, if applicable, for dependency status purposes).

### FAFSA Financial Need

Aid from most of the federal student aid programs is awarded based on financial need (except for Unsubsidized Stafford and all PLUS and Consolidation loans).

When you apply for federal student aid, the information you report on your FAFSA is used in a formula established by the U.S. Congress. The formula determines your Expected Family Contribution (EFC), an amount you and your family are expected to contribute toward your education. If your EFC is below a certain amount, you will be eligible for federal student aid programs, assuming you meet all other eligibility requirements.

There is not a maximum EFC that defines eligibility for federal student aid programs. Instead, your EFC is used in an equation to determine your financial need:

### Costs of Attendance

-Expected Family Contribution (EFC)  
= Financial Need

Your financial aid administrator calculates your Saint Louis University costs of attendance and subtracts the amount you and your family are expected to contribute toward these costs. If there is anything left over, you are considered to have financial need. In determining your need for aid from the federal student aid programs, your financial aid administrator must first consider other aid you are expected to receive.

*NOTE: The financial aid administrator puts together a financial aid package that comes as close as possible to meeting your need. However, because funds are limited, the amount awarded to you may fall short of the amount for which you are eligible.*

Your financial aid administrator can adjust data used to calculate your EFC or adjust your cost of attendance if he or she believes your family's financial circumstances warrant it based on the documentation you provide. However, the financial aid administrator does not have to make such an adjustment.

### Dependency Status

When you apply for federal student aid, your answers to certain questions will determine whether you are considered dependent on your parents or independent. If you are considered dependent on your parents, you must report their income and

assets as well as your own on your FAFSA. If you are independent, you must report only your own income and assets (and those of your spouse, if you're married) on your FAFSA.

Students are classified as dependent or independent because federal student aid programs are based on the idea that students (and their parents or spouse, if applicable) have the primary responsibility for paying for their postsecondary education. Students who have access to parental support (dependent students) should not receive need-based federal funds at the expense of students who do not have such access (independent students).

You are an independent student if at least one of the following applies to you:

- You are twenty-four years of age.
- You are married.
- You are enrolled in a graduate or professional educational program (beyond a bachelor's degree).
- You have legal dependents other than a spouse.
- You are an orphan or ward of the court (or were a ward of the court until age 18).
- You are a veteran of the U.S. Armed Forces or a student who attended a U.S. service military academy and was released under a condition other than dishonorable.

If you claim to be an independent student, your school may ask you to submit proof before you can receive any federal student aid. If you think you have unusual circumstances that would make you independent even though none of the above criteria applies to you, talk to your aid administrator. He or she can change your status if he or she thinks your circumstances warrant it based on the documentation you provide. But remember, the aid administrator will not automatically do this. That decision is based on his or her judgment, and it is final – you cannot appeal it to the U.S. Department of Education.

#### Applying

##### *What form do I use?*

You apply each school year for federal student aid programs by filing that school year's Free Application for Federal Student Aid (FAFSA) or the Renewal FAFSA.

You may also file your FAFSA electronically via FAFSA on the Web, which is a free U.S. Department of Education web site where you can complete a FAFSA online and submit it via the Internet. You can use FAFSA on the Web on a personal computer (PC) or a Macintosh that is equipped with a supported browser. The Internet address is [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

##### *Will I need to fill out forms in addition to the FAFSA to receive aid?*

For most of the federal aid programs, the FAFSA (or Renewal FAFSA) is the only form you need to file. To receive a Federal Family Education Loan Stafford Loan or a PLUS Loan, you will have to complete additional forms.

##### *When do I apply?*

Apply as soon AFTER January 1 as possible. (You cannot apply before this date.) Do not sign, date, or send your application before January 1. You need to apply only once each school year.

If you apply by mail, send your completed application in the envelope that came with it. It is already addressed, and using it will ensure that your application reaches the correct address.

**NOTE:** *You must reapply for federal aid every year. In addition, if you change schools, your aid does not go with you. Check with your new school to find out what steps you must take to continue receiving aid.*

#### *What happens after I apply?*

After your complete application is received by the processing system, the processor will produce a Student Aid Report (SAR). The SAR will report the information from your application and, if there are no questions or problems with your application, your SAR will report your Expected Family Contribution (EFC), the number used in determining your eligibility for federal student aid. The results will be sent to you and to the schools that you list on your application.

If you apply using FAFSA on the Web, your data will be processed when your complete application is received by the processing system. In some cases, you will have to mail in a signature page before your application can be processed. You will receive a Student Aid Report (SAR) in the mail approximately one week after you complete your FAFSA application on the Web.

If you apply by mail, your application will be processed in approximately four weeks. Then, you will receive a SAR in the mail.

If you submit a paper version of the FAFSA or the Renewal FAFSA that contains a postcard, you can use the postcard to track the processing of your application. You must fill in the postcard with the required information, attach a stamp to the postcard, and mail it with your application. When the Department of Education's processor receives your application, the postcard will be stamped with date that it is received.

### Perkins Loans and Nursing Student Loans

Perkins Loan and Nursing Student Loan recipients are required each semester to sign a promissory note, which details the loan's terms of repayment. The promissory note must be signed in the Office of Scholarship/Financial Aid WITHIN TWO WEEKS of the start of the semester. Failure to do so will result in the cancellation of the loan award. Students awarded a Perkins Loan or Nursing Student Loan are encouraged to schedule an appointment for a Loan Exit interview during the last semester of attendance prior to graduation, termination of attendance or withdrawal from the University. At the interview, the terms of the loan, repayment and responsibilities of the student borrower will be discussed.

## Scholarship/Financial Aid Refund Policy

If a student reduces registration hours or withdraws completely from all classes within an enrollment period, the student's awarded scholarship/financial aid assistance may be subject to adjustments in order to comply with funding agency/program regulations (University, Federal, State, Private).

### Federal, University, State and Private Aid Refund Policies and Procedures:

All Federal and Missouri need-based Student Aid Refund Policies and Procedures require that if a student withdraws from all classes prior to the date when 60% of the enrollment period's class days have passed, a student's federal/state student aid for that enrollment period is subject to adjustment. The adjustment of the student's federal/state student aid is determined by calculating the percentage of federal/state aid earned for the number of class days the student was enrolled for the enrollment period. This percentage is calculated by counting the number of class days the student was enrolled, as measured from the first day of classes of the enrollment period to the class date of the student's withdrawal, divided by the number of total class days within the enrollment period. This percentage determines the amount of federal/state student aid the student earned for the enrollment period with the unearned balance being returned to the federal/state aid program(s).

University and Private Funded Aid Refund Policies and Procedures mandate that if a student withdraws from all classes within an enrollment period, aid programs funded from these sources are adjusted by the percentage, if any, used to adjust the student's tuition charges for the enrollment period. This University and Private Funded Aid Refund Policy and Procedure does not apply to Residence Life dorm specific aid. Residence Life dorm aid is adjusted by the same percentage, if any, used to adjust the student's Residence Life room and board costs for the enrollment period.

Students who reduce registration hours, but do not completely withdraw from all courses, within an enrollment period may have their federal, state, university and private scholarship/financial aid assistance adjusted based on the percentage, if any, used to adjust the student's tuition charges for the enrollment period.

A student receiving scholarship/financial aid assistance from the different funding sources (University, Federal, State, Private) that withdraws completely or reduces registration hours within the enrollment period is subject to each aid program's Refund Policies and Procedures. If, after all required Refund adjustments are made, a student account balance results, the student will be mailed a student account bill detailing all adjustments (scholarship/financial aid, costs of attendance, etc.).

**Note:** If a student's federal aid adjustment requires the return/refund of loan funds previously refunded to the student, the student will be responsible to repay these funds to the lender as delineated on the loan's promissory note.

Worksheets used to determine the amount of funds to be returned to aid programs based on Refund Policies and Procedures are available upon request.

## Satisfactory Academic Progress Requirements

Federal and state regulations require that educational institutions measure students' progress toward a declared educational objective, both quantitatively and qualitatively.

In accordance with these requirements, Saint Louis University has established the following standards to measure a student's Academic Progress. These standards will be applied uniformly to all students when determining their eligibility for federal/state and University administered and/or other funds regardless of whether the student previously received these funds.

### Quantitative Measurement Requirement

To maintain Satisfactory Academic Progress, a student must complete/earn at least 75% of attempted credit hours each academic year. Earned credit hours include all credit hours for which the student received grades of : A, B+, B, C+, C, D, S, and P. Credit hours not accepted as earned include credit hours taken for audit, credit hours for which no grade was received and credit hours for which the student received grades of: W (withdrawal), U (unsatisfactory), I (incomplete), F (failing), AF (absence failure), NP (not passed), or X (failure to take exam).  
**Maximum Attempted Enrollment Credit Hours Time Frame**  
 The maximum attempted enrollment credit hours a student may enroll for to complete their University program of study may not exceed 180 attempted enrollment credit hours for the completion of a 120 credit hour degree program. For students who transfer into the University, the 180 attempted enrollment credit hours' maximum includes attempted credit hours at other, colleges/universities attended, if transfer credit hours were accepted by the University.

**NOTE:** For academic programs requiring less or more than 120 credit hours for degree/certificate completion, the maximum attempted enrollment credit hours for program completion is 150% of required hours for program completion.

### Qualitative Requirement: Cumulative University Grade Point Average (GPA)

In addition to the 150% attempted enrollment credit hours maximum for program completion, students must also maintain a University cumulative GPA of 2.00 in order to demonstrate Satisfactory Academic Progress. The University cumulative 2.00 GPA requirement applies to all federal/state student aid programs and for certain University Scholarship programs as detailed per each Scholarship/Award program. Certain University Scholarship/Award programs require a higher minimum University cumulative GPA requirement that must be maintained in order to maintain renewal eligibility in addition to other program requirements. See each Scholarship/Award program description for the minimum renewal University cumulative GPA requirement, other requirements and maximum duration of award eligibility.

### Monitoring Satisfactory Academic Progress Requirements

At the end of each academic year (Spring enrollment period), the student's academic record will be reviewed for Satisfactory Academic Progress. If a student exceeds the maximum attempted enrollment hours requirement for federal Title IV/state eligibility, that student will be terminated from receiving federal Title IV/state funds from that enrollment period forward.

If a student fails to meet the minimum cumulative GPA requirement or does not earn the minimum number of credit hours for

federal Title IV/state and/or University Scholarships/Awards, that student will be on Academic Progress Probation for the succeeding academic year. If at the end of the probationary academic year, the student is still below the minimum University cumulative GPA requirement of a 2.00, or higher depending on Scholarship/Award program's minimum cumulative GPA, and/or has not earned sufficient credit hours, the student's eligibility for federal Title IV/state and/or University Scholarships/Awards will be terminated from that enrollment period forward.

**Appeal Procedures for Students Terminated From Title IV, State and/or University Scholarship/Award Eligibility**

A student terminated from receiving federal Title IV/state and/or University Scholarship/Award programs due to failure to meet Satisfactory Academic Progress requirements may appeal this termination. Contact the Office of Scholarship/Financial Aid for all required procedures and forms to petition for reinstatement.

**Federal Work-Study (FWS) Employment Procedures/Deadlines**

Eligible FWS students must work in order to earn their FWS eligibility. Eligible students initiate the employment process by contacting the Office of Scholarship/Financial Aid. FWS employment placement deadlines have been established by which an eligible job must be secured or the eligible student may be denied FWS employment for that employment period. Contact the Office of Scholarship/Financial Aid as early as possible within the FWS employment periods to better ensure FWS job placement.

**FWS Employment/Academic Period and Corresponding FWS Employment Deadline Placement Dates**

Summer Sessions ..... May (if funds are available)  
 Fall Periods ..... August through September  
 Spring Periods ..... January

**Student/Parent Bank Loan Proceeds Payment Procedures**

Student/Parent bank loan proceeds are paid in two equal installments to the student's University account by Electronic Funds Transfer (EFT). General disbursement dates are as follows:

**Date for Loan Proceeds Disbursement Per Enrollment Period**

Summer Sessions ..... after May 1 but no earlier than 10 days before the start of classes.  
 Fall Periods ..... After August 1 but no earlier than 10 days before the start of classes.  
 Spring Periods ..... After January 1 but no earlier than 10 days before the start of classes.

*NOTE: Bank loan proceeds not paid to the student within 3 days of Office of Scholarship/Financial Aid receipt must be returned to the lender resulting in loan cancellation.*

**Loan Entrance And Exit Interview Requirements**

Students receiving their first Stafford or Perkins/Nursing loan at Saint Louis University are encouraged to attend a Loan Entrance Interview. During the last period of attendance, before graduation, termination of attendance or withdrawal from the University, student loan borrowers are encouraged to attend a Loan Exit Interview. Contact the Office of Scholarship/Financial Aid for additional particulars.

**General Scholarship/Financial Aid Application Steps**

In order to be considered for University Scholarships/Financial Aid, the following application steps must be completed, as applicable.

- Step 1: Apply for Undergraduate Admission and be admitted to Saint Louis University.
- Step 2: Apply for need-based assistance programs by filing each new year the Free Application for Federal Student Aid (FAFSA). Early FAFSA filing is strongly encouraged.
- Step 3: If applicable, the student will be informed of other application requirements after initial application for Undergraduate Admission or Scholarships/Awards and/or the receipt of the student's results of filing the Free Application for Federal Student Aid (FAFSA).

**Financial Aid File Completion Guidelines**

If federal or state aid is being sought for any of the University's academic enrollment periods, file completion deadline dates have been established to better ensure funds availability and adequate processing time. Failure to complete the federal/state aid application file by the following deadline date per enrollment period will result in the denial of federal/state aid for that enrollment period.

Summer Sessions ..... June 30  
 Fall Periods ..... November 1  
 Spring Periods ..... March 31

Upon federal/state financial aid application file completion, the Office of Scholarship/Financial Aid reviews the student's application for award eligibility, assembles an assistance package based on all pertinent regulations, academic standing, eligible programs, and funds availability. If the Office of Scholarship/Financial Aid believes certain eligibility items, are suspect, incomplete, or inconsistent, all such items must be resolved, corrected, and/or updated, as appropriate, before a student will be eligible to be paid any federal/state aid. If aid eligibility changes result due to the Verification/Audit process, the student will be informed of these changes by a Revised Award Notification.

If a student receives any federal/state aid based on incorrect information, awarded assistance may have to be adjusted. If fraud is suspected, the student will be informed of the procedures that he/she will have to complete in order to resolve the suspicion. Failure to comply will result in the student's case being referred to the Student Validation Branch of the U.S. Department of Education.

**Saint Louis University's Quality Assurance Program (QAP) Participation**

Saint Louis University participates in the U.S. Department of Education's Quality Assurance Program (QAP). This program was designed to assure accuracy in the administration of federal financial aid. The long term goals of this QAP are to simplify the aid application process, improve and expedite the financial aid delivery process and reduce the amount of documentation that families must submit in order to receive their federal financial aid.

Participation for students who have been randomly selected to participate in this program is mandatory in order to receive federal student aid. A University QAP team has been assembled to work with these selected students and their families. If you have any questions regarding this program, please contact the Office of Scholarship/Financial Aid.

## Saint Louis University's Participation In Department Of Education's Experimental Sites Program

Saint Louis University participates in the Department of Education's Experimental Sites Program, which allows greater flexibility in delivering federal Title IV aid funds to students. Schools were selected to participate in this program that have a proven track record of delivering federal student aid without risk to taxpayers' dollars. Under this program, schools are excused from certain statutory and regulatory requirements and permitted to use innovative strategies designed to better meet their students' needs.

## Undergraduate Scholarship And Loan Funds

Saint Louis University is proud to offer this list of nearly 300 undergraduate scholarship and loan funds made possible by the support of many faithful donors, corporations and foundations. A student applies for these funds when they apply for Undergraduate admission and are awarded a Saint Louis University Scholarship. The funds listed here give students an understanding of the wealth of donors who support Saint Louis University's Scholarship Programs: Presidential, Provost, Xavier, Deans', University, Ignatian, Transfer, Departmental, Vision, et cetera.

Some donors have restricted their gifts to support University scholarships for students in specific academic areas. These scholarships are divided in alphabetical order by the schools and colleges within the University. There are also an abundance of scholarships available to all students throughout the University, no matter what their specific area of study. These scholarships are listed in the "University General" section.

The financial support of generous donors has enriched Saint Louis University throughout its history. Their partnership has truly provided the edge that makes excellence in education attainable. This list is a testament to their generosity, which is deeply valued by all of Saint Louis University.
