OPEN CAMPUS

Friday, April 8, 2016
16:00 - 19:30

Free and Open to High School Students 15+ years
SHOWCASING THE U.S. SYSTEM OF HIGHER EDUCATION

SAINT LOUIS UNIVERSITY
MADRID
Open Campus - Friday, April 8, 2016

SLU-Madrid students will welcome and host warm-up activities for participants. Afterwards, the participants attend the two university classes, taught by SLU professors, that most interest them or correspond to their academic interests, followed by a general "convocation" in the University’s auditorium.

16:00-16:30 Welcome
16:35-17:30 Lecture 1
17:35-18:00 Break
18:05-19:00 Lecture 2
19:05-19:30 Reflection

Session 1 / 16:35-17:30

International Politics Today
Students will analyze basic political concepts and apply them to current affairs at the global level.
Laura Tedesco, Ph.D. - Political Science Professor
Director of the Political Science/International Relations Program

Gender Studies: Sexism Today
Students will be able to discuss and analyze the issues and continuing challenges related to gender in our world today.
Rosi Casmier, Ph.D. – Women and Gender Studies Professor
Department of Modern Languages

Design of High-Impact Presentations
Are you tired of long PowerPoint presentations that are filled with lots of text? In this workshop you’ll learn some quick tips to prepare high-impact presentations and speak with confidence.
Daniel Chornet, Ph.D. - Communications Professor
Department of Communications
The Hidden Powers of Music
Everyone listens to music but few people have thought about why and how it affects us and how it can be harnessed for different purposes.
Hamish Binns, M.Sc. – English Language Professor
Program Director for ESL and Modern Languages

Marketing: In the Heart of Business
Students will understand how “serving others” (customers) and satisfying their needs lead to a profitable business, and how marketing deals with just a few “controllable” variables in an ever-changing environment.
Gonzalo Moreno, Ph.D. – Marketing Professor
Department of Business and Economics

Estimating the Value of $\pi$
Students will use sticks to conduct an experiment called Buffon’s needle to estimate the value of $\pi$.
Marta Moreno, Ph.D. – Econometrics Professor
Department of Business and Economics
Join Saint Louis University faculty and students for an afternoon of classes:

- Put your English to the test in a real-life situation
- Challenge yourself as a critical thinker
- Choose your subjects of interest
- Learn from experts in different academic fields
- Find out what it is like to attend an American university
