Collecting Policy for Reis Biological Station

Visitors should note that the station has a responsibility to conserve the flora and fauna of the area. Indiscriminate collecting has led to the depletion of populations at many field stations. **Plants and animals may not be collected** on the Station unless they are part of an approved research project and you have explicit permission from the director.

Please contact Dr. Tom Valone ([valone@slu.edu](mailto:valone@slu.edu)) with any questions.
