Greetings from Human Resources

Thank you to everyone who supported and attended the "Power of One" events with SLU alumnae. Oh John CI, any. Nearly 650 members of our community participated in the events on September 21. It was amazing to see colleagues come together to share their knowledge of being a student, co-op, andbove with new SLU students. We hope you can join us for our upcoming events on campus next week to learn how you can get involved and take action. Please see below for additional information on these resources.

We will continue to celebrate our 2017 graduates with great pride and success. We are so proud of all the work that you have accomplished and the achievements you will continue to achieve in your future endeavors. We are so excited to see you all again on campus next week to network and connect with your fellow SLU alumni and current students.

Thank you and we look forward to seeing you next week.

Living Operational Excellence

Empowering our outstanding people to find new ways of working is a key goal of living operational excellence.

Each year, Senior Accountants calculate payroll taxes per the August filing deadline. Financial transactions occur when students purchase parking or their student account is created for the financial aid plan. Let your Stay Warm, Parking Services Coordinator, send you a quote and come in to a cutomer. There is a 12:00 minute contact to register for parking. All students who have completed their parking registration by July 11 were entitled to a voucher to be used for parking at the fall semester. This program significantly decreased the amount of non-received parking accounts.

If you have any questions or comments, please contact your Human Resources Manager for assistance.

2018 United Way Campaign

October is United Way month at SLU. Faculty and staff are asked to consider making a 2018 pledge to the United Way. Your gift is important to support a wide range of services for those in need throughout our region. Click here for more information on how your United Way contribution could help support our community. All faculty and staff should record an email to the United Way with a link allowing them to make a pledge. If you did not receive an email from the United Way and would like to contribute, please contact your Human Resources Manager at hr@stlouis.edu.

Enjoy pancakes and support the United Way! By signing up to participate in the United Way’s Pancake Breakfast, you will be helping to support our community. You can also make a donation online to make your contribution go further. For more information, please visit https://www.unitedway.org.

Policy & Procedure

Online U-W Invoice and Tax Statements

Effective January 1, 2017, our campus will be participating in the United Way’s Panes in the Park program and will no longer be providing tax statements to faculty and staff. In an effort to reduce costs and improve the accuracy of our financial records, we are adopting a new online invoicing and tax statement system. This system allows you to access your tax statements and view your expenses online, as well as pay your taxes electronically. The system is available 24/7 and is more secure and efficient than the previous method.

Employee Address Update

An email was sent to all employees regarding the new online address update tool. We encourage you to update your address information as soon as possible.

Cura

Cura is a platform that was created in response to the loss of students, faculty, and staff. It is here to help everyone and support members of the SLU community. Cura has been developed to provide a safe space for individuals to connect with others who have experienced similar losses. It is designed to create a supportive community where individuals can share their experiences, support one another, and find a sense of relief and comfort. Cura is available 24/7 and is a confidential platform.
