This workshop will be held at the PASE Learning Center located in Young Hall, Craig A. Buchman, MD
Anthony A. Mikulec, MD, FACS
Course Co-Directors

a maximum of
23.75 AMA PRA Category 1 Credit(s)

CONTINUING EDUCATION
Saint Louis University School of Medicine designates this live activity for
their participation in the activity.
Physicians should only claim credit commensurate with the extent of
their participation in the activity.

ACCREDITATION:
Saint Louis University School of Medicine is accredited by the
Accreditation Council for Continuing Medical Education (ACME) to
provide continuing medical education for physicians. The education the participant gains through our CME activities does not satisfy training requirements to perform the surgery.

EDUCATIONAL OBJECTIVES
- Discuss the management of the dizzy patient and provide an overview of medical and surgical options
- Discuss the diagnosis and management of superior canal dehiscence and review the surgical approaches used in patients with intractable symptoms
- Discuss the anatomy of the temporal bone and the indications for transcanal endoscopic approaches to the tympanic membrane, middle ear and facial nerve
- Demonstrate transcanal endoscopic approaches to the tympanic membrane, middle ear and inner ear/facial nerve
- Demonstrate the traditional dissection techniques to the temporal bone (ear canal, middle ear, ossicles, inner ear, and mastoid) using the binocular microscope
- Demonstrate surgical procedures for the cochlear implant, bone anchored hearing aid surgery and for middle fossa, translabyrinthine and suboccipital approaches to the skull base

TUITION FEES
PHYSICIANS ............................................................................................................... $1695
RESIDENTS/FELLOWS/USA MILITARY ....................................................................... $1225
