Founded in 1818, Saint Louis University is one of the nation’s oldest and most prestigious Catholic institutions. Rooted in Jesuit values and its pioneering history as the first university west of the Mississippi River, SLU offers more than 12,000 students a rigorous, transformative education of the whole person. At the core of the University’s diverse community of scholars is SLU’s service-focused mission, which challenges and prepares students to make the world a better, more just place.

OUR MISSION

The mission of Saint Louis University is the pursuit of truth for the greater glory of God and for the service of humanity. The University seeks excellence in the fulfillment of its corporate purposes of teaching, research, health care and service to the community.

The University is dedicated to leadership in the continuing quest for understanding of God’s creation and for the discovery, dissemination and integration of the values, knowledge and skills required to transform society in the spirit of the Gospels. As a Catholic, Jesuit university, this pursuit is motivated by the inspiration and values of the Judeo-Christian tradition and is guided by the spiritual and intellectual ideals of the Society of Jesus.

SLU PRESIDENT’S VISION

To be a global Jesuit university — one that is mission-focused, student- and patient-centered, and research-driven, working with the people of St. Louis to reimagine, transform and unify our city.

WHAT’S A BILLIKEN?

The Billiken is a symbol of good luck that became a national craze in the early 1900s. In 1908, art teacher Florence Pretz received a patent for her version of the mythical figure. Later, the Billiken Co. of Chicago adopted the likeness, giving the Billiken its name. Manufactured as a bank and statuette, the Billiken reached its peak of popularity in 1911.

Its association with SLU can be traced back to around 1910, when local sportswriters thought that SLU football coach John Bender bore a striking resemblance to the impish creature. One writer drew a cartoon of Bender as a Billiken, posted it in a drugstore window and dubbed the football team “Bender’s Billikens.” The public took up the moniker, and it soon became the official nickname of all SLU teams.

2021 PROFILE | 19
As the academic medical practice for Saint Louis University School of Medicine, SLUCare Physician Group provides patient-centered health care services throughout the St. Louis region. SLUCare physicians are among the most highly trained in their fields, renowned for research and innovations in medicine.

This year, there’s a brand new space for SLUCare Physician Group in Midtown. The Center for Specialized Medicine is a state-of-the-art outpatient medical building for SLUCare primary care providers and specialists. Located across from the School of Medicine, along with the new SSM Health Saint Louis University Hospital, the Center for Specialized Medicine opened to patients on Aug. 31, 2020.

The facility offers a modern patient care experience with the latest technologies, serving patients where our roots run deep on the campus of Saint Louis University.

Together, the Center for Specialized Medicine and the new hospital building represent an investment of $550 million toward improving health care in our community.

Three years before Missouri became a state, SLU became the first institution of higher learning west of the Mississippi River when Saint Louis Academy was founded in a private residence on the banks of the Mississippi River.

The Society of Jesus assumed control of the college.

The college, now Saint Louis University, received a formal charter from the state of Missouri.

The University moved from downtown to its present Midtown St. Louis site with all University operations in DuBourg Hall.

SLU established a campus in Madrid, Spain, later becoming the first American university to be recognized by Madrid’s ministry of higher education.

Saint Louis University marked its bicentennial, celebrating 200 years of academic excellence and service to the community.
