WHAT’S A BILLIKEN?

The Billiken is a symbol of good luck that became a national craze in the early 1900s. In 1908, art teacher Florence Pretz received a patent for her version of the mythical figure. Later, the Billiken Co. of Chicago adopted the likeness, giving the Billiken its name. Manufactured as a bank and statuette, the Billiken reached its peak of popularity in 1911.

Its association with SLU can be traced back to around 1910, when local sportswriters thought that SLU football coach John Bender bore a striking resemblance to the impish creature. One writer drew a cartoon of Bender as a Billiken, posted it in a drugstore window and dubbed the football team “Bender’s Billikens.” The public took up the moniker, and it soon became the official nickname of all SLU teams.

SLUCARE PHYSICIANS AMONG ST. LOUIS’ BEST DOCTORS according to a survey conducted by Best Doctors Inc. and published in St. Louis Magazine

Saint Louis University’s origins date to 1818, three years before Missouri became a state. SLU became the FIRST INSTITUTION OF HIGHER LEARNING WEST OF THE MISSISSIPPI RIVER when Saint Louis Academy, later known as Saint Louis College, was founded in a private residence on the banks of the Mississippi at the request of the Rev. Louis William DuBourg, Catholic Bishop of Louisiana.

The Society of Jesus assumed control of the college in 1829, and in 1832, the college, now Saint Louis University, received a formal charter from the state of Missouri. In 1888, the University moved from downtown to its present Midtown St. Louis site, and the whole of the University’s operations was contained in one building, DuBourg Hall.

SLU established a campus in Madrid, Spain, in 1967, becoming the first American university to be recognized by Madrid’s ministry of higher education.

In 2018, Saint Louis University marked its bicentennial, celebrating 200 years of academic excellence and service to the community.

Dr. Martin Luther King Jr. spoke at SLU in 1964 two days before he won the Nobel Peace Prize.

Saint Louis University established the 1st medical school (1836) and 1st law school (1843) in the American West.
