BILLIKEN Checklist

*

“Choose your college based on wherever you feel most welcomed. When I stepped onto SLU's campus, it immediately felt like everyone there wanted the best for me. It was a home away from home.”

ROSANNE GERAMI,
CLASS OF 2023

Now that you're admitted, there are just a few things you'll need to do before you start your classes as a Billiken. Read about them below, and if you have any questions, be sure to contact your admission counselor.

* Keep track of your to-dos at slu.edu/admitted-students.

1 ACTIVATE YOUR SLU NET ID AND LOG INTO MYSLU.

[Myslu.slu.edu](https://myslu.slu.edu) is where you'll go to pay your deposit, complete your housing contract and more. Here's how to activate your SLU Net ID:

- + Go to auth.slu.edu and enter your SLU Net ID, which can be found in your admit letter or email. Your temporary password consists of the letters "Id" followed by your full Banner ID number and "pa\$". For example, if your Banner ID is 001234567, then your temporary password is Id001234567pa\$.
- + This will open a new browser tab and will provide a series of settings to be selected and filled out. The first is your new password.
- + For assistance, contact the ITS service desk at 314-977-4000 or ask@slu.edu.

2 SUBMIT YOUR FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA).

- + For need-based financial assistance, visit fafsa.gov by Feb. 1, 2022, for priority consideration.
- + SLU's FAFSA school code is 002506.
- + Before you file the FAFSA, you and your parent(s) should visit fsaid.ed.gov to create separate IDs and passwords. This will allow you to sign the FAFSA electronically and ensure that your information is processed more quickly.
- + If your FAFSA is received by the Feb. 1 priority deadline, your total financial aid package, which includes both merit-based and need-based awards, will be sent to you in February.

3 SUBMIT YOUR DEPOSIT BY MAY 1 TO CONFIRM YOUR ENROLLMENT.

- + To confirm your enrollment at SLU, you'll need to pay a \$500 enrollment deposit. This secures your place in the freshman class and should be submitted when you have decided to attend SLU. If you decide not to attend SLU, you will forfeit your enrollment deposit.
- + To pay your enrollment deposit, visit myslu.slu.edu, click the *Tools* tab and choose the *Payment Suite* icon. Within the Payment Suite, click on the *eDeposits* tab. Note that the enrollment deposit is followed by the semester in which your enrollment will begin.

4 COMPLETE YOUR HOUSING CONTRACT BY MAY 1.

- + Incoming first-time students are required to reside in University housing during the first two years of their enrollment. Exemptions from this requirement are available on a limited basis. Refer to [page 8](#) for more information on exemptions and completing your contract.
- + Complete the first-year housing contract which opens Feb. 1 at myslu.slu.edu by clicking the *Tools* tab and choosing the *Student Housing* icon. Select the *first-year housing contract* that corresponds with the semester in which your enrollment begins. Your contract will be available in your mySLU account approximately 24 hours after your enrollment deposit has been received.
- + Housing is assigned based upon the contract completion date, so it is important you complete your housing contract as soon as possible.

5 REGISTER FOR SLU 101 SUMMER ORIENTATION.

All first-year students are expected to attend SLU 101 Summer Orientation. During early March, visit your mySLU account to register. Click on the *Tools* tab and choose the *SLU101* icon. Refer to [page 5](#) for more information about SLU 101.

6 COMPLETE THESE ITEMS BEFORE ATTENDING SLU 101.

- + Accept the terms and conditions of your financial aid award and accept or decline your financial aid award.
- + Complete your Master Promissory Note if you accepted loans.
- + Complete the new student survey — a link will be emailed in late May/early June.
- + Submit your student ID photo. Check your SLU email for instructions.

7 SUBMIT ALL OTHER REQUIRED DOCUMENTS TO SLU.

- A Your official final high school transcript**, which includes your final grades and lists your graduation date, **should be sent to SLU by Aug. 1.**
- B Your immunization record and personal health history.** This must be submitted by **Aug. 1.** If you already have health insurance coverage, you must also submit an insurance waiver by visiting aetnastudenthealth.com (opens in July). Health forms and other documents can be downloaded from your mySLU account at myslu.slu.edu.
- C Official transcripts from college-level coursework earned during high school** (including AP, IB, CLEP and/or SAT II score reports, if applicable). These should be sent to SLU as they become available.

8 CONSIDER PAYMENT OPTIONS BY FALL WELCOME.

Make arrangements for paying your remaining balance by Fall Welcome. Payments are always due on the first of each month. When the first falls on a weekend or holiday, payments are due on the first business day following the weekend or holiday. Visit slu.edu/financial-aid/paying-your-bill for more information.

COMPLETING THE ONLINE HOUSING CONTRACT

Housing contracts are available beginning Feb. 1. After your deposit has been processed, you can complete your housing contract online by logging into myslu.slu.edu. Click on Tools and then on the Student Housing icon. See page 4 for more information on how to log in to mySLU. Here are some things to keep in mind when filling out your contract:

+ You must submit your enrollment deposit via myslu.slu.edu in order to start your housing contract. You will receive access to the housing contract once your enrollment deposit has been received and processed. This usually takes 24-48 hours.

+ You should complete your housing contract as soon as possible in order to have the best chance at receiving your top preferences. An important factor in determining housing assignments is the date your housing contract is submitted. Other factors that are considered are Learning Community placement and roommate preferences. We prioritize placing you with your mutually requested roommates.

+ You can indicate your interest in one of SLU's Learning Communities. A Learning Community (LC) at Saint Louis University consists of a group of students united by an academic program or interest. For more information about Learning Communities, please see page 9 of this packet or visit slu.edu/lc. To apply for a Learning Community, please complete the Learning Community Application also found within your housing portal. If accepted into an LC, your roommate preference must also be a member of the same LC.

+ You can request a specific roommate. Only mutual roommate requests for other admitted SLU students will be considered. You and your requested roommate(s) will need to provide one another's Banner ID numbers on your respective housing contracts to make

a roommate request. Students will receive communication about how to use RoomSync to find a roommate after May 15, 2022.

+ You must read and electronically sign the housing contract. You are bound by the contract once you agree to its terms. If you decide not to attend SLU, your housing contract will be canceled and you will forfeit your enrollment deposit.

UNIVERSITY RESIDENCY REQUIREMENT

Because Saint Louis University considers living on campus to be an integral part of the SLU experience, all incoming first-year, first-time students are required to reside in University housing during the first two years of their enrollment.

If you wish to be considered for an exemption, you must complete the residency exemption form found in the mySLU Student Housing portal. You must submit your request and all supplemental documentation by May 1, 2022. For possible exemption qualifications and process guidelines, visit slu.edu/housing.

Learning Communities are inclusive communities formed around a particular major, aspect of social identity and experience, or academic interest where students learn together and live on the same floor or floors of a residence hall. Students in Learning Communities take classes together, which can enhance their ability to learn and grow during their first year.

BEING A PART OF A LEARNING COMMUNITY CAN HELP YOU:

- + Deepen your connection to your major and faculty.
- + Succeed academically and form study groups more easily.
- + Increase critical peer connections and form meaningful friendships.
- + Become a leader in your area of interest.
- + Acclimate faster to college.
- + Increase your GPA while having fun!

WHAT WILL I DO IN MY LEARNING COMMUNITY?

Each Learning Community is designed to connect students to people and experiences that will make the college experience more meaningful. Whether this includes having a dinner conversation with a leading faculty

member in your discipline, engaging in service-learning as a part of one of your classes, or forming study groups with other intellectually driven students in your major, Learning Community students do more, see more and achieve more during their first year at SLU.

ACCOMMODATION PROCESS

If you used a 504 plan, an IEP or any type of academic accommodations (extended-time testing, books on tape, note-taking assistance, etc.) while in high school, you might be able to receive similar accommodations at Saint Louis University. To inquire, you will need to speak with the SLU accessibility coordinator. Only after choosing to self-disclose to the accessibility coordinator your potential need for academic accommodations will your request be both considered and implemented as necessary.

For more information, contact the accessibility coordinator at **314-977-3484** or at accessibility_disability@slu.edu. If you have a medical situation that may require consideration of an on-campus housing accommodation, you should also contact the accessibility coordinator. All inquiries will remain confidential, and there is no obligation to utilize services upon inquiry.

For further information, visit the Center for Accessibility and Disability Resources online at slu.edu/life-at-slu/student-success-center/accessibility-and-disability-resources. There you will find a number of common questions and answers regarding the accommodation process at SLU.

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires colleges and universities, both public and private, participating in federal student aid programs to disclose campus safety information, and imposes certain basic requirements for handling incidents of sexual violence and emergency situations.
