“I know when I was a first-year student, I knew zero other people coming to SLU. Going to my SLU 101 orientation session, meeting my friends who I’m still friends with to this day just gave me so much comfort in allowing me to make that transition once I got to Move-In day in the fall. Even for our commuter students, it allows you to build those communities from the ground up before you actually step foot on campus for classes.”
