

CURRICULUM VITAE

Jeremiah Weinstock, Ph.D.

Saint Louis University
Department of Psychology
Morrissey Hall
3700 Lindell Blvd
St. Louis, MO 63108
Office: 314.977.2137
jweinsto@slu.edu

Licensed Clinical Psychologist:

- Missouri #2010033592 (2010-present)
- Connecticut #002787 (2007-2015)

RESEARCH INTERESTS

Addiction Interventions, Gambling Disorder, and Exercise Adherence

CURRENT EMPLOYMENT

Associate Professor (Tenured) 2015 - Present
Department of Psychology
Saint Louis University, St. Louis, MO

- Principal investigator for studies (1) investigating exercise as an intervention for substance use disorders and (2) examining etiology and correlates of addiction broadly, and gambling disorder more specifically.
- Instructor of record for graduate and undergraduate courses in psychology.
- Mentor for undergraduate psychology majors and clinical psychology doctoral students.
- Provider of service to the profession, university, college, and department.

ACADEMIC BACKGROUND

Doctor of Philosophy - Clinical Psychology 2004
The University of Memphis - Memphis, Tennessee

Predocloral Clinical Psychology Internship 2003 - 2004
Southwest Consortium Predocloral Psychology Internship - Albuquerque, New Mexico

Master of Science - Psychology 2002
The University of Memphis - Memphis, Tennessee

Bachelor of Arts - Psychology 1996
Brandeis University - Waltham, Massachusetts

PREVIOUS EMPLOYMENT

Assistant Professor (Tenure-track) 2010 - 2015

Department of Psychology

Saint Louis University, St. Louis, MO

- Principal investigator for studies (1) investigating exercise as an intervention for substance use disorders and (2) examining etiology and correlates of addiction.
- Instructor of record for graduate and undergraduate courses in psychology.
- Mentor for undergraduate psychology majors and clinical psychology doctoral students.
- Provider of service to the profession, university, college, and department.

Assistant Professor (In Residence) 2009 - 2010

Calhoun Cardiology Center – Behavioral Health

University of Connecticut Health Center - Farmington, Connecticut

- Principal investigator for grants investigating exercise as an intervention for hazardous drinking and alcohol use disorders.
- Co-investigator for several NIH funded clinical trials related to addictions treatment (gambling and substance use disorders). Responsibilities included project coordination, supervision of research assistants and research therapists, data management, providing gambling and substance use interventions to participants, and IRB reporting.

Postdoctoral Research Fellow 2006 - 2009

Department of Psychiatry

University of Connecticut Health Center - Farmington, Connecticut

- Principal investigator for pilot study investigating exercise as an intervention for hazardous drinking and alcohol use disorders.
- Co-investigator for several NIH funded clinical trials related to addictions treatment (gambling and substance use disorders). Responsibilities included project coordination, supervision of research assistants and research therapists, data management, providing gambling and substance use interventions to participants, and IRB reporting.

NIAAA T-32 Postdoctoral Fellow 2004 - 2006

Alcohol Research Center

University of Connecticut Health Center - Farmington, Connecticut

Mentor: Nancy Petry, Ph.D.

- Primary activities included manuscript preparation including literature searches, database management, data analysis, and writing peer-reviewed gambling and contingency management research.
- Assisted with preparation of NIH grant applications for gambling and contingency management clinical trials including literature searches, study design, and writing of therapy manuals.
- Therapist for two NIH funded addiction randomized clinical trials.

Research Associate 1996 - 1998

Harvard Business School

Boston, Massachusetts

Supervisor: Teresa M. Amabile, Ph.D.

- Coordinated large study investigating impact of daily events on creativity in new product development business teams. This study is the basis for the book *The Progress Principle: Using Small Wins to Ignite Joy, Engagement, and Creativity at Work*.
- Prepared Harvard Business School case study focusing on creativity at a major advertising agency, including conducting interviews, background research, and writing.

TEACHING EXPERIENCE

Instructor of Record

Graduate - Clinical Health Psychology

- Saint Louis University: Spring 2012, Spring 2015

Graduate - Addictions: Assessment and Intervention

- Saint Louis University: Spring 2011, Spring 2014, Spring 2016

Undergraduate - Abnormal Psychology

- Saint Louis University: Fall 2010, Fall 2011, Fall 2012, Fall 2013, Fall 2014, Fall 2016
 - Includes additional honors section in Fall 2012, Fall 2013, Fall 2014
- University of Memphis: Fall 2002, Spring 2003

Undergraduate - Introduction to Psychology

- Briarwood College: Fall 2009

Undergraduate - Psychological Statistics

- University of Memphis: Fall 2001

Invited Guest Lecturer

Saint Louis University, School of Medicine - Behavioral Health and Medicine	2016, 2017
Saint Louis University - Applied Behavioral Analysis Integrated Seminar III	2012 - 2014
University of Connecticut, Storrs - Graduate Seminar in Exercise Prescription	2009
University of Connecticut Health Center - PGY-1 Residents Seminar	2008
University of Connecticut, Storrs - Graduate Seminar in Allied Health	2007

CLINICAL EXPERIENCE

Clinical Supervisor

2011 - Present

Department of Psychology

Saint Louis University, St. Louis, MO

- Supervised in both group and individual meetings a clinical vertical team of five to six clinical psychology doctoral students providing services in the on-campus outpatient Psychological Services Center and as behavioral health consultants in a primary care clinic.
- Range of services provided including brief intervention, therapy and psychological assessment for a variety of clinical presentations and disorders including personality, mood, anxiety, substance use, and learning.

- Clinical Supervisor** 2006 - 2009
 Department of Psychiatry
 University of Connecticut Health Center, Farmington, CT
- Supervised seven research therapists in addiction psychotherapy clinical trials.
 - Supervised two first year psychiatry residents during inpatient rotation.
- Psychology Intern** 2003 - 2004
 Southwest Consortium Predoctoral Psychology Internship
 Albuquerque, NM
- Rotations in Substance Use Disorders, Consultation & Liaison, Behavioral Medicine, and Acute Adult Psychiatric Inpatient Unit.
- Clinic Coordinator and Therapist** 1999 - 2003
 The Gambling Clinic: A Center for Self-Change
 The University of Memphis, Memphis, Tennessee
- Provided manualized gambling treatment and follow-up that included motivational enhancement and cognitive behavioral interventions.
- Sport Psychology Consultant** 1998 - 2003
 Department of Psychology
 The University of Memphis, Memphis, Tennessee
- Provided sport psychology services to team and individual collegiate and amateur athletes.
 - Assessed potential 2002 and 2003 NBA draft picks for Memphis Grizzlies via structured interview and standardized assessment battery.

(2000, October). *Gambling among collegiate athletes: An investigation of prevalence and pathology.* Poster presented at the annual meeting of the Association for the Advancement of Applied Sport Psychology, Nashville, TN.
- Van Raalte, J. & **Weinstock, J.** (1998, August). *Psychological momentum in competitive tennis.* Poster presented at the 24th International Congress of Applied Psychology, San Francisco, CA.
- Brewer, B. & **Weinstock, J.** (1996, August). *The inter-rater reliability of the sport injury rehabilitation adherence scale.* Poster presented at the annual meeting of the American Psychological Association, Toronto, Canada.

RESEARCH SUPPORT - ONGOING

“Exercise: Addressing Stress in Relapse Prevention in Substance Use Disorders”

Type: R01 (DA-033411-01A1)

Agency: NIDA

Role: Principal Investigator

Period: April 2013 – Present

The purpose of this study is to examine the utility of exercise as a relapse prevention strategy for individuals with substance use disorders. The biological response to stress will be specifically examined in relation to engagement in exercise and relapse. Total costs: \$1,685,601.

“Diurnal Cortisol Dynamics and Gambling Disorder”

Type: Seed Grant

Agency: National Center for Responsible Gambling

Role: Co-Investigator

Period: June 2016 - Present

The goal of this study is to characterize the relation between stress physiology and sensitivity

to reward and punishment. Dr. Tony Buchanan is the Principal Investigator. Total Costs: \$31,804

RESEARCH SUPPORT – UNDER REVIEW

“Exercise: A self-regulatory intervention for alcohol use disorder non-treatment seekers”

Type: R01 (AA-026607) Agency: NIAAA

Role: Principal Investigator Period: -

The purpose of this study is to examine exercise as a self-regulatory intervention in non-treatment seekers with alcohol use disorder.

“Calorie Restriction and Exercise for Metabolic Health in Prediabetes: Independent and Combined Effects”

Type: R01 Agency: NIDDK

Role: Co- Investigator Period: -

This study examines the effects of dietary calorie restriction and exercise, in isolation and in combination, as a diabetes prevention strategy. Specifically, we will examine the mechanisms by which they improve insulin sensitivity. Dr. Edward (Ted) Weiss is Principal Investigator.

RESEARCH SUPPORT - COMPLETED

“Characterization of Pathological Gambling as an Addictive Disorder”

Type: Large Grant Agency: National Center for Responsible Gambling

Role: Principal Investigator Period: April 2013 – March 2016

The overarching purpose of this study is to examine pathological gambling’s conceptualization as an addiction and to elucidate common etiological factors and pathways to addiction, including stress reactivity. Total Costs: \$168,884.

“Exercise as Alcohol Use Disorders Intervention for Non-Treatment Seeking Adults”

Type: R03 (AA-020194) Agency: NIAAA

Role: Principal Investigator Period: September 2010 – August 2013

The purpose of this study is to provide additional funds for a non-NIH funded project that investigates exercise as an intervention for non-treatment seeking adults in the community with alcohol use disorders. Total Costs: \$75,000.

“Lifestyle Intervention ForEver: Healthy Weight for Pregnancy and Birth”

Type: Presidential Agency: Saint Louis University

Role: Co-Principal Investigator Period: February 2012 – February 2014

The purpose of this pilot randomized clinical trial is to assess the feasibility of the Lifestyle Intervention ForEver (LIFE) program compared to routine care in pregnant obese women. The LIFE program has two components: nutrition and exercise. Dr. Raul Artal was Co-Principal Investigator. Total Costs: \$50,000.

“Efficacy of a Personalized Feedback Intervention at Reducing Gambling Behaviors among College Students.”

Type: Large Grant Agency: National Center for Responsible Gambling

Role: Consultant Period: January 2011 – December 2013

The purpose of this study is to investigate brief interventions for disordered gambling in

college students. Dr. Matthew Martens was the Principal Investigator.

“Progressive Muscle Relaxation with or without Exercise for the Treatment of Night Eating Syndrome.”

Type: Presidential

Agency: Saint Louis University

Role: Consultant

Period: August 2011 – August 2013

The purpose of this randomized clinical trial is to examine the efficacy of progressive muscle relaxation (PMR) and PMR plus moderate exercise in contrast to an attention-control group for the treatment of Night Eating Syndrome. Dr. Jillon Vander Wal was Principal Investigator.

“Exercise as an Alcohol Use Disorders Intervention for Sedentary Non-Treatment Seeking Adults.”

Type: UCHC/Storrs Campus Incentive Grants

Agency: University of Connecticut

Role: Principal Investigator

Period: January 2010 – June 2012

The purpose of this study is to investigate exercise as an intervention for non-treatment seeking adults in the community with alcohol use disorders. Total Costs: \$100,000.

“Motivational Interventions for Exercise in Hazardous Drinking College Students.”

Type: R21 (AA-017717)

Agency: NIAAA

Role: Principal Investigator

Period: June 2009 – May 2012

The purpose of this study is to investigate exercise promotion as an intervention in sedentary hazardous drinking college students. Total Costs: \$427,129.

“Exercise: An Intervention for Hazardous Drinking College Students.”

Type: P60 (AA-003510)

Agency: NIAAA

Role: Principal Investigator – Pilot study

Period: September 2008 – June 2010

The purpose of this pilot study is to investigate the promotion of exercise in hazardous drinking college students. Total Costs of Pilot: \$50,000. Victor Hesselbrock, Ph.D. was Principal Investigator of the P60.

“Physical Activities to Improve Quality of Life Among Opiate Agonist Patients.”

Type: Large Faculty Grant

Agency: University of Connecticut

Role: Investigator

Period: September 2009 – August 2010

The purposes of the pilot project are to examine the effects of exercise on physical and psychological wellbeing among methadone maintenance patients. Jaci L. VanHeest, Ph.D. was Principal Investigator.

“Recovery Enhancement with Awards Enhancement With Awards Research Dissemination.”

Type: P30 (DA0023918)

Agency: NIDA

Role: Investigator

Period: September 2009 – June 2010

The purpose of the REWARD Center grant is to improve collaborative efforts across contingency management (CM) projects, with core aims of centralizing administration, data management and analyses, and dissemination of CM procedures. Nancy M. Petry, Ph.D. was Principal Investigator.

“Validating the Four E’s Scale as a Predictor of Gambling Behaviors and Gambling Problems: A Cross-Cultural Comparison of Canadian and American College Students.”

Type: Major Research Grant Proposal

Agency: Alberta Gaming Research Institute

Role: Investigator Period: January 2009 – December 2011

The purpose of the study is to evaluate the psychometric properties of a problem-gambling measure and gambling behavior and correlates of a cross-cultural sample of Canadian and American college students. Stephen McDaniel, Ph.D. was the Principal Investigator.

“Healthy Activities for Prize Incentives.”

Type: R01 (DA-022739)

Agency: NIDA

Role: Investigator

Period: June 2008 – June 2010

The purpose of this study is develop and refine contingency management (CM) that focuses on improving health, especially as related to increasing low intensity physical activities in HIV+ substance use disordered individuals. Nancy M. Petry, Ph.D. is Principal Investigator.

“A Pilot SMART Design for Pathological Gamblers.”

Type: P50 (DA-009241)

Agency: NIDA

Role: Investigator – Pilot Study

Period: January 2008 – June 2010

The purpose of the pilot study is to investigate the treatment efficacy of various treatment intensities according to a patient’s initial response to pathological gambling treatment. Bruce Rounsaville, Ph.D. was the Principal Investigator of the P50.

“Brief Therapies for Frequent Gambling Substance Abusers.”

Type: R01 (DA-021567)

Agency: NIDA

Role: Investigator

Period: June 2007 – June 2010

This project will evaluate the efficacy of brief interventions for individuals seeking treatment for substance use disorders who also have gambling problems. Nancy M. Petry, Ph.D. was Principal Investigator.

“Group-Based Contingency Management/Outpatient Treatment.”

Type: R01 (DA-018883)

Agency: NIDA

Role: Investigator

Period: 2006 – 2009

The purpose of the grant is to evaluate the efficacy of prize-based CM when administered exclusively in a substance use disordered group treatment setting. Nancy M. Petry, Ph.D. was Principal Investigator.

“Lower-Cost Contingency Management in a Group Setting.”

Type: R01 (DA-014618)

Agency: NIDA

Role: Project Manager & Research Clinician

Period: 2004 – 2007

This grant evaluated the efficacy of the prize-based contingency management technique in enhancing attendance, reducing drug use, and improving health among clients attending HIV drop-in centers. Nancy M. Petry, Ph.D. was Principal Investigator.

“Cognitive-Behavioral Treatments/Pathological Gambling.”

Type: R01 (MH-060417)

Agency: NIMH

Role: Research Clinician

Period: 2004 – 2008

The purposes of the grant are to evaluate CBT treatments for pathological gambling. Nancy M. Petry, Ph.D. was Principal Investigator.

“Brief Interventions for Disordered Gambling in College Students.”

Type: P50 (DA-009241)

Agency: NIDA

Role: Research Clinician – Pilot Study

Period: 2006 – 2007

This grant evaluated the efficacy of brief interventions for problem and pathological gambling college students. Bruce Rounsaville, Ph.D. was the Principal Investigator of the P50.

“*Post-Doctoral Training Program in Alcohol Studies*”

Type: T32 (AA-007290)

Agency: NIAAA

Role: Post- Doctoral Fellow

Period: 2004 – 2006

The purpose of this grant is to provide post-doctoral fellows with a common knowledge base in alcohol research theory and methods. Lance Bauer, Ph.D. was the Principal Investigator.
