SAINT LOUIS UNIVERSITY | CLASS OF 2023

THE HIPPOCRATIC OATH

NOW, BEING ADMITTED TO THE PROFESSION OF MEDICINE AND DEDICATING MY LIFE TO SERVICE, UPON MY HONOR AND BEFORE GOD, I FREELY MAKE THESE PROMISES:

I will carry out that regimen which, according to my power and discernment, shall be for the benefit of my patients; I will keep them from harm and wrong. To none will I give a deadly drug, even if solicited, nor offer counsel to such an end. I will maintain the utmost respect for all human life.

I will respect and show gratitude to my deserving teachers and, in as far as reasonably I can, shall teach the science and art of medicine by precept, lecture and other modes of instruction to those who are worthy.

My own life and my professional practice I will keep guiltless and right. Even under threat I will not use my knowledge contrary to moral law.

I will keep silence regarding that which, within or without my practice, I shall see or hear in the lives of others which should not be made public, holding such things unsuitable to be spoken.

When skill or knowledge greater than mine will benefit my patient, I will seek assistance or advice; nor will I refuse my aid or my counsel to other physicians.

I will not permit considerations of race, religion, nationality, party politics, social standing or financial circumstances to interfere with my attending my patient.

I will maintain the honor and noble traditions of the medical profession and forward its highest ideals.

As long as I shall keep these promises inviolate, may I continue the practice of my profession and be respected for all time. Should I violate them may the reverse be my lot.
