** The program provides one white jacket to each student. Additional jackets ~\$35-\$40 each.

† Not all students must pay this cost. However, all students are required to be covered by health insurance and to provide documentation of coverage.

†† Students are assigned to 2-3 out-of-town clinical rotations and these will have associated housing costs; this is variable based on the cost of housing, availability of alternate out-of-town housing and location of clinical sites.

LIVING EXPENSES: The SLU PA Program is 27 months long – it begins in mid-to late-August and ends two years later in mid-December. It is a year-round, full-time graduate program. Students are responsible for their own transportation throughout the program, including transportation to all clinical sites. Living costs vary according to the needs of each student. Rent and other expenses in the St. Louis area can be lower than metropolitan areas in other parts of the country. Rents paid by current students range from ~\$600-1000/month.
