** The program in Physical Therapy requires health insurance for all semesters you are attending SLU. This charge will be waived upon completion of a health insurance waiver during your undergraduate years and a copy of your insurance card as proof of insurance every semester you attend. [Click here](#) to access the insurance waiver form.

SLU Aid will only cover the first four years of school and does not cover the summers. The Professional years II and III are independent on the FAFSA and qualify for Graduate Loans. Saint Louis University is committed to making the financial aid process seamless and manageable for you and your family. The Program in Physical Therapy has provided a comprehensive list of internal and external scholarships and awards available to students.
