

**Saint Louis University
Radiation Therapy Program # 0713
Bachelor of Science Degree**

Program Outcomes/Effectiveness Data 2016-2020

The following is the most current program outcomes/effectiveness data. Our programmatic accreditation agency, the Joint Review Committee on Education in Radiologic Technology (JRCERT), defines and publishes this information. [Click here](#) to go directly to the JRCERT webpage.

Credentialing Examination: The number of students who pass, on the first attempt, the American Registry of Radiologic Technologists (ARRT) certification examination, or an unrestricted state licensing examination, compared with the number of graduates who take the examination within six months of graduation. The five-year average benchmark established by the JRCERT is 75%

Credentialing Examination Rate	number passed on 1 st attempt divided by number attempted within 6 months of graduation
Year	Results
Year 1 - 2016	11 of 11 100%
Year 2 - 2017	11 of 11 100%
Year 3 - 2018	11 of 11 100%
Year 4 - 2019	8 of 13 62%
Year 5 - 2020	7 of 9 78%
Program 5-Year Average	48 of 55 - 87.2%

Job placement rate: the number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in the radiologic sciences. The JRCERT has defined not actively seeking employment as: 1) graduate fails to communicate with program officials regarding employment status after multiple attempts, 2) graduate is unwilling to seek employment that requires relocation, 3) graduate is unwilling to accept employment due to salary or hours, 4) graduate is on active military duty, and/or 5) graduate is continuing education. The five-year average benchmark established by the JRCERT is 75%.

Job Placement Rate	number employed divided by number actively seeking employment within 12 months
Year	Results
Year 2 - 2016	9 of 9 100%
Year 3 - 2017	7 of 8 88%
Year 4 - 2018	9 of 9 100%
Year 5 - 2019	10 of 10 100%
Year 5 - 2020	9 of 9 100%
Program 5-Year Average	44 of 45 - 97.8%

Program completion rate: the number of students who complete the program within the stated program length. When calculating the total number of students enrolled in the program, programs need not consider graduates who attrite due to nonacademic reasons such as: 1) financial, medical/mental health, or family reasons, 2) military deployment, 3) a change in major/course of study, and/or 4) other reasons an institution may classify as a nonacademic withdrawal. The annual benchmark established by the program is 80%.

Program Completion Rate	number graduated divided by number started the program
Year	Results
Year 1 - 2020	10/10
Annual Completion Rate	100%
