

Undergraduate Alumni Survey Results: AY 2013, 2014, and 2015 Graduates

College of Education and Public Service

Major	Surveyed	Responded	Employed	Grad School	Employed & Grad School	Year of Service	Not Employed & Not Seeking	Not Employed but Seeking Employment	Employed, in Grad School, in Service, or Not Seeking Employment	Average Income of Alums Employed FT	Job Related to Major among FT Employed
Education	153	82	59	4	11	5	1	2	98%	\$34,688	96%

Notes

1. Majors with fewer than five graduates surveyed are not included in the results. The Social Sciences major had one graduate and was excluded.
2. The results are based on first majors.
3. Values of N/A indicate instances in which zero survey respondents provided information.
4. Some of the percentages and average incomes are based on a small number of respondents. These values may change considerably due to the experiences of a few individuals.
